Environment for the MDGs

MAINSTREAMING POVERTY-ENVIRONMENT LINKAGES INTO DEVELOPMENT PLANNING: A Handbook for Practitioners

UNEP

UNDP-UNEP Poverty-Environment Initiative

UNDP

The Poverty-Environment Initiative (PEI) of the United Nations Development Programme (UNDP) and the United Nations Environment Programme (UNEP) is a global UN-led programme that supports country-led efforts to mainstream poverty-environment linkages into national development planning. The PEI provides financial and technical assistance to government partners to set up institutional and capacity strengthening programmes and carry out activities to address the particular poverty-environment context.

Mainstreaming Poverty-Environment Linkages into Development Planning: A Handbook for Practitioners is also available online at www.unpei.org.

MAINSTREAMING POVERTY-ENVIRONMENT LINKAGES INTO DEVELOPMENT PLANNING:
A Handbook for Practitioners

UNDP-UNEP Poverty-Environment Initiative

Table of Contents

Acknowledgements • vii

Foreword • ix

Chapter 1. About the Handbook • 1

1.1 Purpose • 2
1.2 Target Audience • 2
1.3 Structure • 3

Chapter 2. Understanding Poverty-Environment Mainstreaming • 5

2.1 Defining Poverty-Environment Mainstreaming • 6
2.2 Exploring Poverty-Environment Linkages • 7
2.3 Importance of Natural Capital to the Wealth of Low-Income Countries • 11
2.4 Importance of Climate Change for Poverty-Environment Mainstreaming • 12

Chapter 3. An Approach to Poverty-Environment Mainstreaming • 13

3.1 Programmatic Approach • 14
3.2 Role of Stakeholders and the Development Community • 19

Chapter 4. Finding the Entry Points and Making the Case • 25

4.1 Preliminary Assessments: Understanding the Poverty-Environment Linkages • 26
4.2 Preliminary Assessments: Understanding the Governmental, Institutional and Political Contexts • 30
4.3 Raising Awareness and Building Partnerships • 35
4.4 Evaluating Institutional and Capacity Needs • 38
4.5 Setting Up Working Mechanisms for Sustained Mainstreaming • 40

Chapter 5. Mainstreaming Poverty-Environment Linkages into Policy Processes • 45

5.1 Using Integrated Ecosystem Assessments to Collect Country-Specific Evidence • 46
5.2 Using Economic Analyses to Collect Country-Specific Evidence • 50
5.3 Influencing Policy Processes • 57

5.4 Developing and Costing Policy Measures • 65
5.5 Strengthening Institutions and Capacities: Learning by Doing • 69

Chapter 6. Meeting the Implementation Challenge • 75

6.1 Including Poverty-Environment Issues in the National Monitoring System • 76
6.2 Budgeting and Financing for Poverty-Environment Policy Measures • 80
6.3 Supporting Policy Measures at the National, Sector and Subnational Levels • 89
6.4 Strengthening Institutions and Capacities: Establishing Poverty-Environment Mainstreaming as Standard Practice • 93

Chapter 7. Conclusion and Way Forward • 97

Abbreviations and Acronyms • 99

Glossary • 101

References • 111

Index • 117

Boxes

2.1 Facts and Figures Exemplifying Poverty-Environment Linkages • 7
2.2 Integrating Climate Change Adaptation into National Development Planning • 12
3.1 Progress Checklist for Poverty-Environment Mainstreaming • 16
3.2 United Nations Initiatives and Their Potential Contribution to Poverty-Environment Mainstreaming • 23
4.1 Importance of Ecosystem Services for Human Well-Being and Pro-Poor Economic Growth: Examples from Selected Countries • 27
4.2 Understanding Poverty-Environment Linkages: Voices from the Community • 28
4.3 Guiding Questions for Assessing Poverty-Environment Linkages • 29
4.4 Importance of Stakeholder Involvement: National Strategy for Growth and Reduction of Poverty, United Republic of Tanzania • 33
4.5 Guiding Questions for Assessing the Governmental, Institutional and Political Contexts • 34
4.6 Innovative Engagement of Media to Raise Awareness: Viet Nam's "No Early Spray" Campaign • 36
4.7 Guiding Questions for Setting Up Working Mechanisms • 42
5.1 Why the Need for Integrated Ecosystem Assessments? • 46
5.2 How Does Climate Change Affect Ecosystem Services? • 47
5.3 Climate Change Modelling • 48
5.4 Assessment of the Northern Range, Trinidad and Tobago • 49
5.5 Examples of the High Benefit-Cost Ratio of Public Expenditure on the Environment • 52
5.6 Estimating the Value of Coastal Protection Services Provided by Mangrove Ecosystems: An Example from Orissa, India • 54
5.7 Using Strategic Environmental Assessment to Incorporate Poverty-Environment Linkages into Ghana's Poverty Reduction Strategy Processes • 60

5.8 Integrating Poverty-Environment Linkages into Rwanda's Economic Development and Poverty Reduction Strategy Process • 62
5.9 Integrating Poverty-Environment Linkages into the PRSP Preparation Process in Bangladesh • 63
5.10 Costing Process for an Intervention to Assess Water Quality • 69
5.11 Exchange Visits: United Republic of Tanzania to Uganda; Uganda to Rwanda • 70
5.12 Role of Formal Training in Influencing Policy Processes: Burkina Faso and Kenya • 71
6.1 Selection Criteria for Poverty-Environment Indicators • 78
6.2 Integrating and Monitoring Poverty-Environment Indicators within the Framework of Rwanda's EDPRS • 79
6.3 Incentives for Environmental Institutions to Participate in the Medium-Term Expenditure Framework Process • 81
6.4 Financing Namibia's Protected Areas • 84
6.5 Evidence Leads to Larger Budgets for Environmental Institutions • 85
6.6 Increased Revenues Lead to Larger Budgets for Environmental Institutions • 87
6.7 Strategic Environmental Assessment of Mexican Tourism • 89
6.8 Evaluating Policy Measures: Economic Instruments Targeted at Energy, Water and Agriculture for the Benefit of the Poor in Uganda • 90
6.9 Kenya: Integrating the Environment into Development Planning at the District Level • 92
6.10 Strengthening Institutions and Capacities through National Development Processes • 95

Figures

2.1 Examples of Positive and Negative Poverty-Environment Linkages • 8
2.2 Linkages between Ecosystem Services, Human Well-Being and Poverty Reduction • 9
3.1 Programmatic Approach to Poverty-Environment Mainstreaming • 15
3.2 Relationship of the Programmatic Approach to the National Development Planning Cycle • 15
3.3 Roles of the Various Stakeholders in Achieving Pro-Poor Environmental Outcomes • 19
4.1 Components in Governmental, Institutional and Political Contexts • 30
4.2 Dimensions of Capacity Development • 39
4.3 Programme Management Structure of the Malawi Poverty-Environment Initiative • 41
5.1 Aligning the Analytical Approach with the Overall Policy Framework • 61
6.1 Planning and Budgeting Instruments in Uganda • 80
6.2 Asymmetries of Ownership in the PRSP and Budget Processes • 82

Tables

2.1 Contribution of the Environment in Achieving the MDGs • 10
2.2 Distribution of National Wealth by Type of Capital and Income Group • 11
3.1 Challenges and Opportunities in Working with Government Actors • 21
3.2 Challenges and Opportunities in Working with Non-Governmental Actors • 22

4.1 Possible Entry Points for Mainstreaming Poverty-Environment Linkages in National Development Planning • 32
4.2 Summary: What Does "Finding the Entry Points and Making the Case" Encompass? • 43
5.1 Main Steps in Defining and Using Country-Specific Economic Evidence • 56
5.2 Poverty-Environment Mainstreaming in the Policy Development Process • 64
5.3 Environmental Policy Measures, by Category • 65
5.4 Main Steps in Developing Policy Measures in Line with a Policy Document • 68
5.5 Approaches to Institutional and Capacity Strengthening: Learning by Doing • 72
5.6 Opportunities for Institutional and Capacity Strengthening in Mainstreaming Poverty-Environment Linkages into Policy Processes • 73
5.7 Summary: What Does "Mainstreaming into Policy Processes" Encompass? • 74
6.1 Poverty-Environment Mainstreaming in the Budget Process • 88
6.2 Main Steps in Implementing Policy Measures • 91
6.3 Summary: What Does "Meeting the Implementation Challenge" Encompass? • 96
