The Impact of COVID-19 on Progress
Towards Achieving the SDGs

**Using a human development lens to
analyse the case of the Arab region**

Acknowledgements

This paper was commissioned by UNDP to the American University of Beirut, Faculty of Health Sciences, and was authored by Hala Ghattas,* Nadine Mezher, Thurayya Zreik, Nadine Nasser, Nisreen Salti, and Stephen J McCall. The authors wish to extend their thanks to UNDP reviewers Paola Pagliani and Ellen Hsu for their comments.

The findings, interpretations and conclusions do not necessarily represent the views of the UNDP or UN Member States.

LIST OF TABLES	7
LIST OF FIGURES	9
LIST OF ABBREVIATIONS	11
EXECUTIVE SUMMARY	12
INTRODUCTION	13
CONCEPTUAL FRAMEWORK	14
Overview	14
Regional coverage	15
Framework components	15
COVID-19 shock	15
Systems	15
Dimensions of vulnerability and exclusion	16
Vulnerable groups and causes of exclusion	16
Control measures to contain the spread of the virus	16
Socio-economic measures to mitigate losses	18
SDG 1. END POVERTY IN ALL ITS FORMS EVERYWHERE	21
Background: Poverty in the Arab region	21
COVID-19 shock	21
Scope	22
Data gaps	24
Poverty in the Arab region is projected to increase for the first time since 1990	22
SDG 2. END HUNGER, ACHIEVE FOOD SECURITY AND IMPROVED NUTRITION AND PROMOTE SUSTAINABLE AGRICULTURE	29
Background: Food and nutrition security in the Arab region	29
COVID-19 shock	29
Mediating factors	30
Scope	30

Section 1: The pandemic and containment measures will have a considerable impact on nutrition in the Arab region	30
Box 1: The multi-dimensional impact of the COVID-19 pandemic on food security in the Arab region	33
Section 2: The pandemic will lead to a rise in malnutrition in children across the Arab region	36
SDG 3. ENSURE HEALTHY LIVES AND PROMOTE WELL-BEING FOR ALL AT ALL AGES	42
Background: Health and well-being in the Arab region	42
COVID-19 shock	42
Scope	43
Section 1: Pandemic containment measures will undermine access to essential health services for maternal and child health	43
Section 2: The pandemic will affect the management of non-communicable diseases, and persons living with non-communicable diseases are at higher risk of COVID-19 complications	55
Box 2: Mental health is fundamental to human capabilities and development in the Arab region	58
Vulnerability and exclusion: At risk of being left behind	60
SDG 4: ENSURE INCLUSIVE AND EQUITABLE QUALITY EDUCATION AND PROMOTE LIFELONG LEARNING OPPORTUNITIES FOR ALL	61
Background: SDG 4 coverage and overall performance in the Arab region	61
COVID-19 shock	61
Scope	63
Section 1: The pandemic will further impede efforts in providing access to free and equitable education as distance learning adds a new dimension of exclusion	63
Section 2: The pandemic is likely to worsen an already poor quality of education and result in learning losses with long-lasting effects for this generation of students	70
Projections of learning losses in the Arab region	73
SDG 8: PROMOTE SUSTAINED, INCLUSIVE AND SUSTAINABLE ECONOMIC GROWTH, FULL AND PRODUCTIVE EMPLOYMENT AND DECENT WORK FOR ALL	77
Background: SDG 8 coverage and overall performance in the Arab region	77
COVID-19 economic shocks and losses	78
Scope	78
Section 1: The losses resulting from the pandemic will further slow economic growth across the region	79
Box 3: The impact of mobility restrictions and travel disruptions on the tourism sector	84

Section 2: The pandemic exposed the region's pre-existing labour market vulnerabilities and losses will be felt disproportionately across the region	86
Pre-pandemic: high unemployment rates and heavy reliance on the informal sector	86
Box 4: Initial assessments of the pandemic on job and earning losses in vulnerable communities in select countries	90
Box 5: The fiscal challenges resulting from COVID-19 and their impact on financing SDGs in the region	92
CROSS-CUTTING CASE STUDY: THE MULTIDIMENSIONAL EFFECTS OF THE PANDEMIC ON ADOLESCENTS AND YOUTH IN THE ARAB REGION	95
The impact of COVID-19 on youth perceptions of the future of their region: potential youth emigration	98
Employment and labour market	99
POLICY RECOMMENDATIONS	102
Enhancing data systems and indicators	102
Key investments for multisectoral progress	102
REFERENCES	104
APPENDIX 1: SUPPLEMENTARY MATERIAL FOR SDGS	114
Annex 1: Vulnerability of Arab countries to COVID-19-related supply and demand shocks	114
Annex 2: Estimated increase in PoU according to FAO simulation of three hypothetical scenarios, 2020 (percentage points)	115
Annex 3: Three modelling scenarios of component and coverage reductions for maternal and child care	116
APPENDIX 2: METHODOLOGY	117
Focus of the paper	117
Review methods	117
Data extraction	117
APPENDIX 3: PRELIMINARY SEARCH STRATEGIES AND DATA SOURCES	118
Search Strategy 1: Data scoping	118
Search Strategy 2: COVID-19 and human development	118
Search Strategy 3: Conceptual frameworks	119
Search Strategy 4: Scopus search for peri-COVID data	120
Search Strategy 5: Google scholar search for peri-COVID data	120
