Title: Implications of the African Continental Free Trade Area for Demand of
Transport Infrastructure and Services

Language: English

Sales no.: E.22.##.##

ISBN: 978-92-#-#####-#

eISBN: 978-92-#-#####-#

Print ISSN: #####-####

eISSN: #####-####

Material in this publication may be freely quoted or reprinted. Acknowledgement is requested, together with a copy of the publication.

The designations employed in this publication and the material presented in it do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations Economic Commission for Africa concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

Cover design: Dilucidar.

CONTENTS

Contents	3
Lists of figures, maps and tables	4
Abbreviations	8
Foreword	10
Chapter 1 Introduction	13
Organization of the report	13
Chapter 2 Data collection	15
Data sources in detail	17
Data gathering and processing	21
Database structure	32
Chapter 3 Trade flow modelling	51
The estimation dataset	54
Model specification and estimation	57
Chapter 4 Mode choice modelling	65
Previous studies on freight mode choice random utility theory and alternative theoretical paradigms	66
The estimation dataset	66
Model specification and estimation	72
Chapter 5 Impact on infrastructure, services and equipment	79
Freight transport supply scenarios	82
Freight transport demand scenarios	90
Critical elements analysis of the current transport infrastructure network	98
The impact of the AfCFTA on demand for transport equipment	110
Chapter 6 Conclusion	123
Impacts of the AfCFTA: Freight transport infrastructure critical elements	124
Impacts of the AfCFTA: Freight transport equipment needs	126
References	128
Annex 1 Road transport infrastructure and services	133
Annex 2 Fleet needs by scenario by transport mode	136
Annex 3 Data source by activity	138

Lists of figures, maps and tables

Figures

Figure 2.1	Data collection workflow	15
Figure 2.2	Entity–relationship model for trade flows and masses	33
Figure 2.3	Entity–relationship model for the African transport systems	37
Figure 2.4	Entity–relationship model for tariffs, barriers and other economic impedances	41
Figure 2.5	Database entity–relationship model for geospatial entities	46
Figure 3.1	Exporter–importer pair data availability, 1995–2019	57
Figure 4.1	Country-to-country o'd' pairs covered in the dataset by transport modes and groups of modes	72
Figure 4.2	Data availability in the UNCTAD database for transport modes and groups of modes by macro commodity categories	73
Figure 4.3	Data availability in the UNCTAD and Comtrade databases by transport modes and groups of modes by macro commodity categories	73
Figure 5.1	Four scenarios for AfCFTA implementation and socio-economic development	79
Figure 5.2	Development of mode critical elements analyses and mode fleet size estimates	81
Figure 5.3	Intra-African freight transport demand distribution by transport mode by scenario	101
Figure 5.4	Truck fleet needs: Comparisons across scenarios	111
Figure 5.5	Truck fleet needs by African regions, with-AfCFTA, infrastructure do-everything scenario (S2)	113
Figure 5.6	Rail wagon fleet needs: Comparison across scenarios	114
Figure 5.7	Rail wagons fleet needs by African regions, with-AfCFTA, infrastructure do-everything scenario (S2)	115
Figure 5.8	Vessel fleet needs: Comparison across scenarios	116
Figure 5.9	Vessel fleet needs by African regions, with-AfCFTA, infrastructure do-everything scenario (S2)	118
Figure 5.10	Aircraft fleet needs: Comparison across scenarios	119
Figure 5.11	Aircraft fleet needs by African regions, with-AfCFTA, do-everything scenario (S2)	120
Figure 6.1	Distribution of intra-African freight transport demand by transport mode	123
Figure 6.2	Projected change in countries' shares of intra-African export trade, with AfCFTA, 2019–2030, top 15 countries	124
Figure 6.3	Comparison of alpha—the ratio of 2030 freight demand to 2019 freight demand—in the with-AfCFTA, infrastructure do-nothing (S1) and the with-AfCFTA, infrastructure do-everything (S2) scenarios by transport mode	125

Maps

Map 5.1	African road transport network in the infrastructure do-nothing scenarios	82
Map 5.2	African road transport network in the with-AfCFTA, infrastructure do-everything scenario	84
Map 5.3	African rail transport network in the infrastructure do-nothing scenarios without AfCFTA	85
Map 5.4	African rail transport network in the infrastructure do-everything scenarios	86
Map 5.5	Airports in the African air transport network in the infrastructure do-nothing scenarios	87

Map 5.6	Ports and sea routes in the African maritime transport network in the infrastructure do-nothing scenarios	89
Map 5.7	Zones and centroids	90
Map 5.8	Critical road links in the with-AfCFTA, infrastructure do-nothing scenario (S1)	100
Map 5.9	Critical road links in the with-AfCFTA, infrastructure do-everything scenario (S2)	102
Map 5.10	Critical railway links in the with-AfCFTA, infrastructure do-nothing scenario (S1)	103
Map 5.11	Critical railway links in the with-AfCFTA, infrastructure do-everything scenario (S2)	104
Map 5.12	Critical airports in the with-AfCFTA, infrastructure do-nothing scenario (S1)	106
Map 5.13	Critical airports in the with-AfCFTA, infrastructure do-everything scenario (S2)	107
Map 5.14	Critical maritime ports in the with-AfCFTA, infrastructure do-nothing scenario (S1)	108
Map 5.15	Critical maritime ports in the with-AfCFTA, infrastructure do-everything scenario (S2)	109

Tables

Table 2.1	Records of the UN Comtrade merchandise trade matrix	17
Table 2.2	Databases on African tariffs and barriers	19
Table 2.3	African database sources of dummies	20
Table 2.4	African transport infrastructure status databases	21
Table 2.5	Trade flows databases	22
Table 2.6	Masses databases	22
Table 2.7	Availability of import and export data	23
Table 2.8	Percentage of ports with available data	26
Table 2.9	Percentage of rail companies in 37 African countries with available data	27
Table 2.10	Percentage of airports in 36 African countries with available data	28
Table 2.11	African countries with available indicators by transport mode	29
Table 2.12	Percentage of countries in Africa with available data	29
Table 2.13	African country reference information (AFR_Country_GENERAL)	34
Table 2.14	Socio-economic data for African country (SocioEconomic)	35
Table 2.15	Merchandise trade flow (MerchandiseTrade)	35
Table 2.16	Real effective exchange rate (API_REER_WB)	35
Table 2.17	Common language dataset (Language_dummy)	35
Table 2.18	Agreements dataset (Agreements_dummy)	36
Table 2.19	Landlocked countries dataset (Land locked_dummy)	36
Table 2.20	Country statistics (AFR_Country_Stat)	36
Table 2.21	War zones dataset (War_dummy)	36
Table 2.22	National port infrastructure dataset (NationalInfraPort)	38
Table 2.23	National roads infrastructure dataset (NationalInfraRoads)	38
Table 2.24	Roads 2014 dataset (Road2014)	38
Table 2.25	Ports 2014 dataset (Port2014)	38

Table 2.26	Air transport 2014 dataset (Air Transport 2014)	39
Table 2.27	National air transport infrastructure dataset (National_Infra_Air)	39
Table 2.28	Transportation links between African countries (TransportationLinks)	39
Table 2.29	Class 1 tariffs (TB_C1_TRAINS)	40
Table 2.30	Class 2 tariffs (TB_C2_TRAINS)	40
Table 2.31	Class 3 tariffs (TB_C3_TRAINS)	42
Table 2.32	Class 4 tariffs (TB_C4_TRAINS)	42
Table 2.33	Class 5 tariffs (TB_C5_TRAINS)	42
Table 2.34	Class 6 tariffs (TB_C6_TRAINS)	43
Table 2.35	Non-tariff measures—prevalence sector (NTM-Prevalence-Sector_wits)	43
Table 2.36	Non-tariff measures—trade frequency coverage ratio (NTM-Trade-Frequency-Coverage-Ratio_wits)	43
Table 2.37	Integrated trade intelligent portal—non-tariff measures (i-tip_report_WTO_Measures)	44
Table 2.38	Integrated trade intelligent portal—specific trade concerns (i-tip_report_WTO_SpecificTradeConcerns)	44
Table 2.39	Non-tariff measures—indicators measure sector (NTM-Indicators-Measure-Sector_wits)	44
Table 2.40	Ad valorem equivalent estimates at GTAP sector level (AVE estimates at GTAP sector level_WB)	45
Table 2.41	Ad valorem equivalent estimates by importing country (AVE estimates by importing countries_WB)	45
Table 2.42	Ad valorem equivalent of non-tariff measures (AVE of NTM_WB)	45
Table 2.43	Ad valorem equivalent of non-tariff measures by importing country (AVE of NTM by Importing Countries_WB)	45
Table 2.44	African centroids (af_centroids)	47
Table 2.45	Africapolis dataset (africapolis)	48
Table 2.46	Marine ports dataset (marine_ports)	48
Table 2.47	OpenStreetMap roads dataset (afr_gis_osm_roads)	48
Table 2.48	OpenStreetMap rail dataset (afr_gis_osm_rail)	49
Table 2.49	OpenStreetMap African airports dataset (osm_african_airports)	49
Table 3.1	Variables that can be used as dependent variables in the gravity model: Free on board trade flows	55
Table 3.2	Mass variables that can be used as independent variables in the gravity model	55
Table 3.3	Dummy variables that can be used as independent variables in the
