## ACKNOWLEDGEMENTS

This anthology of short stories was part of the creative component at the Conference on Land Policy in Africa (CLPA) held on 2-4, November 2021 convened by the African Land Policy Centre (ALPC). We acknowledge the contributions made by the 2021 CLPA convenors at the African Development Bank (AfDB), the Economic Commission for Africa (ECA) and the African Union Commission (AUC). Their support of the proposal to incorporate creative writing in land governance issues will increase the understanding of the many dimensions of land in Africa.

After the *Call for Short Stories* was made and submissions received, writers were taken through a Master Class on writing short stories. We are grateful to Prof. Peter Kimani for facilitating the training and leading the team of judges – Ms. Flavia Domingas Mendes Ba, Dr. Dami Ajayi, Ms. Mercy Wambui, Prof. Kimani Njogu, and Ms. Sampa Kangwa-Wilkie. We also owe a debt of gratitude to the members of the Conference Scientific Committee for supporting conversations about the intersection of land governance and arts, culture and heritage.

We are grateful for the support of the ALPC team under the leadership of Joan Kagwanja on their commitment, diligence and support to the successful deliverable of this component of the CLPA. The team, Jennifer Aghaji, Akberet Meressa, Keymisrak Berhanu, Bier Lulseged and Yitagesu Getahun provided administrative support within complex management terrains to ensure the successful implementation of the anthology.

We would also like to thank the Federal Ministry for Economic Cooperation and Development (BMZ) and German Development Cooperation (GIZ), who continue to support the enabling environment for knowledge engagement and promotion of land policy issues in Africa through their support of the CLPA.
