

National Policy Guiding Principles for Forest Landscape Restoration in the Caucasus and Central Asia

National Policy Guiding Principles for Forest Landscape Restoration in the Caucasus and Central Asia

Draft

*Supporting countries in the Caucasus and Central Asia to deliver on their Bonn
Challenge commitments within the UN Decade on Ecosystem Restoration 2021-2030*

UNITED NATIONS ECONOMIC COMMISSION FOR EUROPE

ACKNOWLEDGEMENTS

The UNECE/FAO Forestry and Timber Section in Geneva expresses its sincere gratitude to all contributors to the National Policy Guiding Principles. The text of the document was drafted by Mr. Dominique Reeb. It was reviewed by national experts and forest authorities during the virtual Regional Policy Dialogue on Forest Landscape Restoration on 9 February 2022, organized by the UNECE/FAO Forestry and Timber Section. The document has benefited from previous work on the UNECE/FAO draft strategy for landscape restoration and greening the infrastructure of the Caucasus and Central Asia.

The document was prepared under a project financed by the Federal Ministry for the Environment, Nature Conservation and Nuclear Safety of Germany.
