

NORWEGIAN MINISTRY OF TRADE,
INDUSTRY AND FISHERIES

--

Why fish ?

**Organizing Regional Fisheries & Ocean Environment Management
-for the increased contribution from the Ocean towards World Food Security through
the improvement of the ocean's ecological foundation for food production –**

-ABIDJAN, 15 – 17 JULY 2014

**Johán H Williams,
Specialist Director, Norwegian Ministry of Trade, Industry and Fisheries**

In the year **2050**,
the world **population**
will require

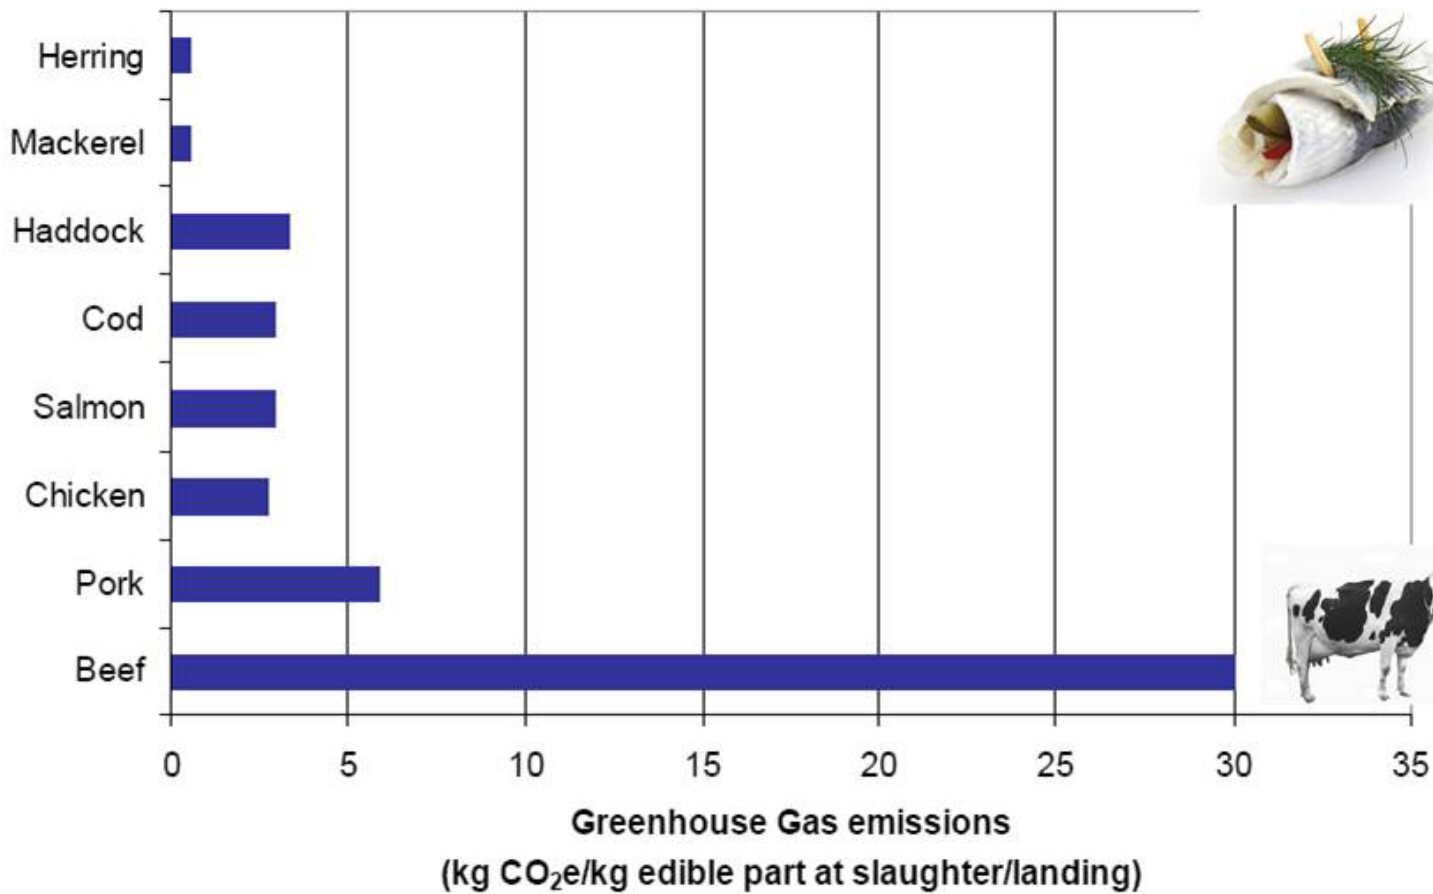

100%
more **food**,¹ and

70%
of this food must come from
efficiency-improving **technology**²

The Global Paradox;

1 Billion people Worldwide are starving
1 Billion people Worldwide are obese

**Fish/Seafood is the remedy to both
due to its nutritional values**
