

Pacific Regional Sea Update 2013-2014

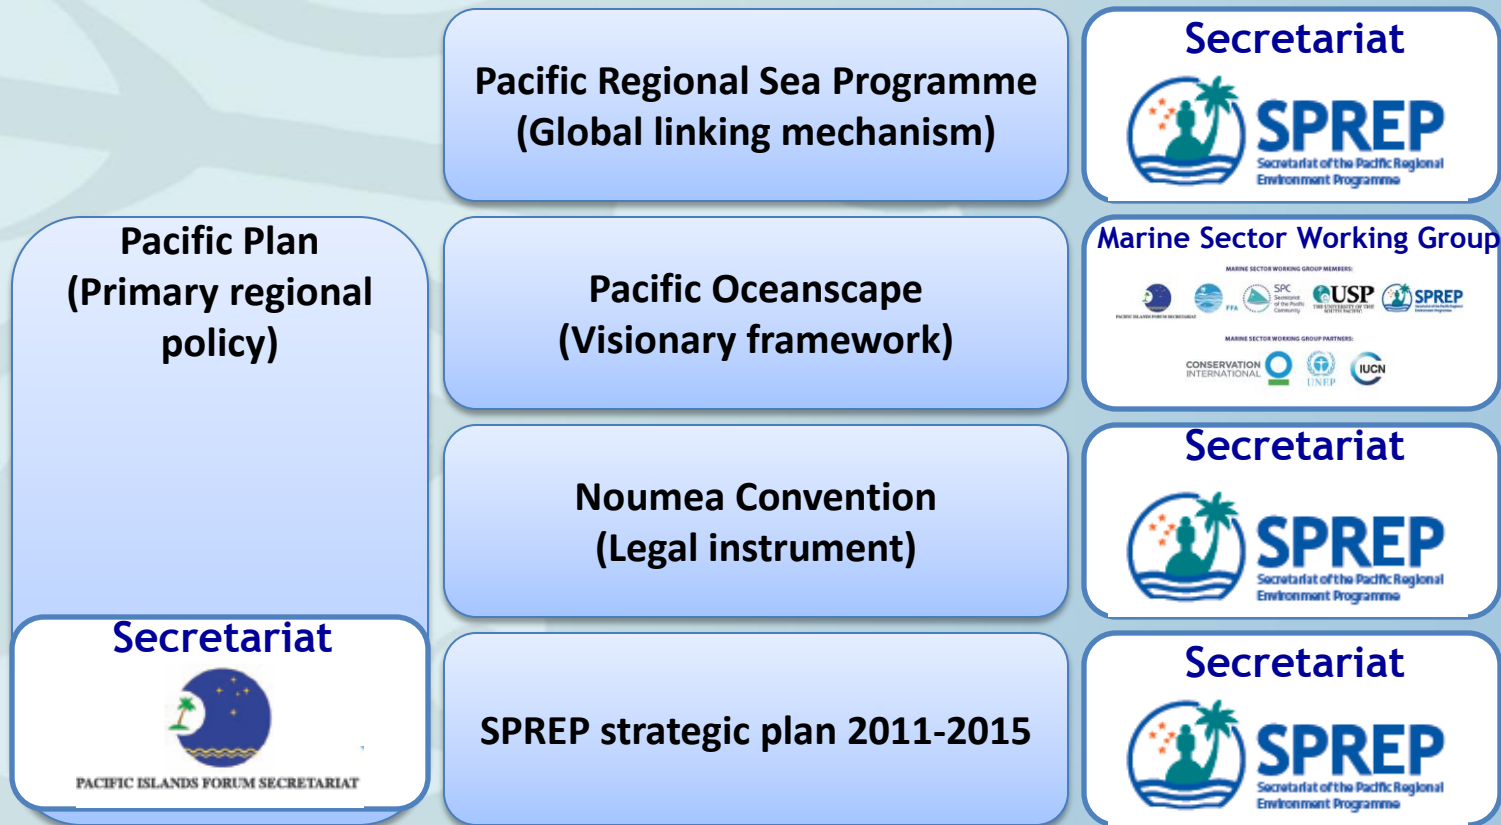

SPREP

Secretariat of the Pacific Regional Environment Programme

- 26 Member countries and territories
- Four Divisions:
 - Biodiversity and Ecosystem Management
 - Climate Change
 - Waste Management and Pollution
 - Environmental Monitoring and Governance
- Currently 90 staff, based in Apia, Samoa

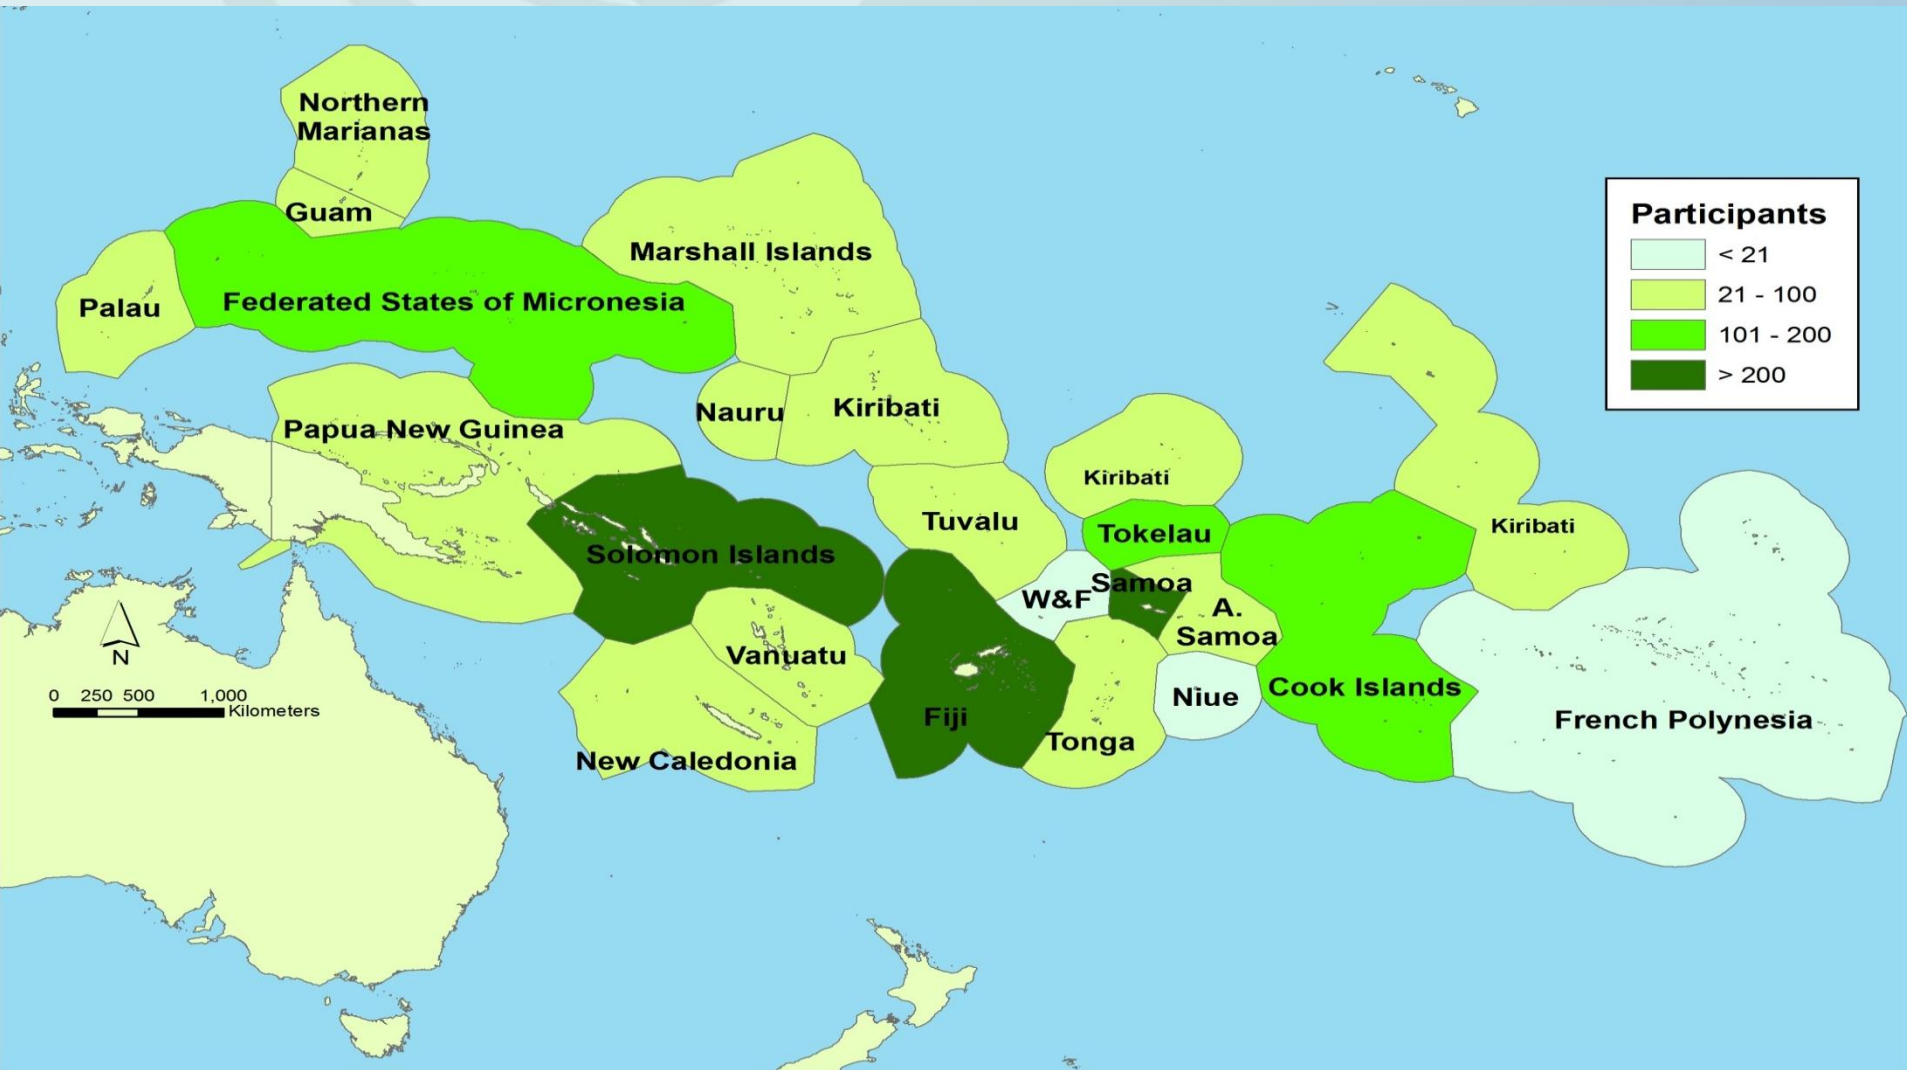

Elements of regional policy framework for marine management support

Regional and National Activities

Participants in Regional and National Training Activities, Workshops, Conferences and Meetings

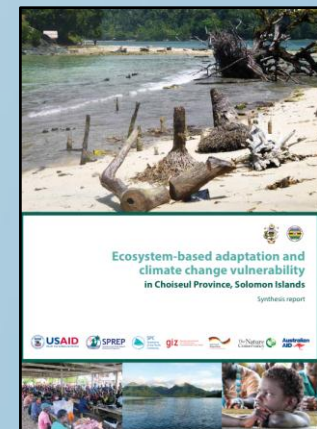

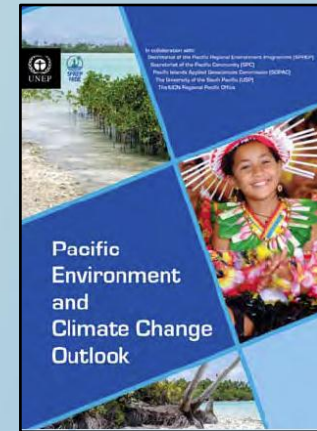

SPREP
Secretariat of the Pacific Regional
Environment Programme

**CLEAN
PACIFIC**

1. Effectively apply Ecosystem Based Management

1. Pacific Integrated Island Management Case Studies and Guidelines (UNEP-SPREP project with Australian Aid)
2. Marine Spatial Planning (MSP) projects at regional and national scale.
3. Spatial Planning Officer appointed for the region.
4. Implemented ecosystem based adaptation projects in Fiji, Solomon Islands, Samoa, Vanuatu and Kiribati
5. Global Ocean Acidification Experts Workshop

2. GPA: Protection from Land Based Activities

1. AFD Regional Solid Waste management Initiative 2011-2015 – cost-benefit of disposal options for used oil (re-use for power generation was best).
2. Basil Convention and Waigani Convention projects: used oil, and E-waste management cost options; hazardous waste management training.
3. Marine debris adviser appointed at SPREP in 2014.
4. New position “Marine Pollution Officer” placed at SPREP on secondment from Australian Marine Safety Authority.
5. SPREP-KIOST assessment of waste disposal sites on marine water quality.

2. (continued) GPA:

Protection from Land Based Activities

- 5-yr GEF programme on hazardous waste management (USD2.5M) commenced. Nov 2013.
- Pacific Islands Regional Marine Spill Contingency Plan (PACPLAN) updated and endorsed Sept 2013.
- Training on investigating illegal discharge from vessels.
- National oil spill training and NTPLANs (Nauru, Solomon Islands, Tonga, Samoa).
- Regional workshop - International Convention on Control of Harmful Anti-fouling Systems on Ships.
