Session 3

Current Status and Future Directions of Activities under the Waste Management Partnership

Tokyo, Japan

10 March 2010

Outline of Session 3

Part 1: Report on Current Status and Future
Directions of Activities under the
Waste Management Partnership

Part 2: Collaboration Possibilities with Other
Partnership Areas

Part 3: Discussions on Future Activities
under the Waste Management
Partnership

Points for Discussion in Session 3

1. What are the challenges in implementing activities under the Waste Management Partnership Area?

2. What activities are lacking in order to reduce mercury release from waste management in each country?

3. How will we create the Resource Person List?

4. How can this Partnership Area collaborate with other Partnership Areas?

5. How will we revise the Business Plan?
