Partner support letter to the UNEP Global Mercury Partnership

Dear Organisers,

Valcambi SA is pleased to submit the following Expression of Interest to join the United Nations Environmental Programme (UNEP) Global Mercury Partnership.

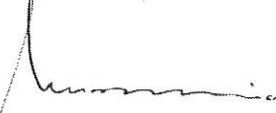

As a key player in the supply chain of precious metals since 50 years, Valcambi has the field and technical expertise as well as the commitment to actively support the effective implementation of the Minamata Convention on Mercury.

Valcambi is committed to work towards realizing the goals of the partnership and is willing to provide its contribution especially in the area of Artisanal and Small-scale Mines (ASM), that are already targeted by our current project, aimed at developing dedicated procedures to engage with Artisanal and Small-scale Mines (ASM).
