Dear Mr. Bakken,

I have the honor to convey my government support to participate in the UNEP Global Mercury Partnership as believing in its overall objectives to protect the human health and environment from the release of mercury and its compounds. We can contribute through in-kind resources and national expertise.

We would like to participate in the following areas:

- Mercury in products.
- Mercury waste management.

We thank you in advance and looking forward to cooperate with you in future through other mercury issues.
