20/10/2011

Head UNEP Chemicals Branch, DTIE  
11-13, chemin des Anemones  
CH-1219 Chatelaine-Geneva, Switzerland

Dear Head, UNEP Chemicals Branch, DTIE,

RE: COMMUNITY FOUNDATION request to join the UNEP Global Mercury Partnership

On behalf of COMMUNITY FOUNDATION, I am writing to express our interest in joining the UNEP Global Mercury Partnership, and more specifically the Partnership Area for Artisan and small-scale Gold Mining and Mercury air transport and fate research. Community Foundation supports and is committed to the overall goal of the Partnership to protect human health and the global environment from the release of mercury and its compounds by minimizing and, where feasible, ultimately eliminating global, anthropogenic mercury release to air, water and land.

Community Foundation is a no-profit environmental organization that intends to work in partnership with all sectors of society to protect health by promoting clean air and clean water. Our vision is to achieve positive and tangible environmental change by influencing government policy, inspiring leadership in business and motivating the public to act responsibly.

Community Foundation was established on 11 January 2011 for the aim of protecting environment through campaigning by educating the community on the whole issue of environmental conservation, preserving water sources establishing centers for planting millions of trees, providing education on the effects of air pollution to human being, advising the government on the effects of environmental destructions and measures to be taken by the government.

I hope that my request will be in consideration  
Yours faithfully.

C.D. Mhema  
EXECUTIVE DIRECTOR  
COMMUNITY FOUNDATION

## SELECTED PARTNERSHIP AREA ONE

### \*ARTSANAL AND SMALL SCALE GOLD MINING

Meaning includes activities as simple as panning for gold in rivers, to as complex as development of underground working and small scale processing plants

According to this programme that mining is taking place in Rivers by small scale processor, I will assist UNEP to get information and advice about tools for water project that all Tanzanians get safe and reliable water:

1. To increase the number of people who gets safe &reliable water.
2. To give local climatic data for water studies, Community Foundation shall provide information about water from rocks
3. Due to local climatic data Community Foundation shall give information about water from rocks
4. Community Foundation shall advice UNEP and give information about tools on rain water harvesting
5. We shall give information and advice about how to support local farmers in Tanzania, and introduction of modern farming
6. We shall give information and advice about education on water projects
7. Community Foundation shall give information and advice about pollution from mining by identifying pollution problems by top six Toxic Treats and describes the scope and health impacts of each polluted areas
8. Community Foundation shall give advice about capacity building on mining &marketing
9. Community Foundation shall give information and advice about re cycling &smeting of worst trough black smith.
10. Community Foundation shall give advice about knowledge, exchange and practice on the effects of pollution.
11. Community Foundation shall give information and advice about the whole campaign on Environmental protection and conservation trough various measures.

## SELECTED PARTNERSHIP AREA TWO

### \* MERCURY AIR TRANSPORT AND FATE RESEARCH

The programme deals with air pollution(atmosphere )from industries, trucks, burned wastes and other materials which if burned pollutes the atmosphere. This type of pollution destructs the Ozone layer and cause global worming and unexpected climatic changes

Therefore in this 2<sup>nd</sup> programme Community Foundation shall give information and advice UNEP on the following

1. The performance of air transport and fate research.
2. Fate &transport &ecological effects of mercury

3. Community Foundation shall give advice about information on treatment system and give advice on making research

C.D.Mhema  
EXACUTIVE DIRECTOR  
COMMUNITY FOUNDATION
