About the Regional Seas infoXchange Platform

The UNEP Regional Seas Programme has emerged over the last quarter century as an inspiring example of how to craft a regional approach to protecting the environment and managing natural resources.

This website has been developed to serve an exchange platform, for technical/functional communication. It aims to provide the partnering Regional Seas Programmes, to be able to provide/exchange technical information, data, and technical support in a timely fashion to participating constituents.

How to use: The username and password you use to register give you access to your account details in addition to enabling you access to use the platform.

Outputs: The platform will host webdata, newsletters, technical regional focal points, brochures, training, conferences, workshops, specialized publications.

The Second COBSEA Marine Litter Workshop/Cleanup Campaign

The Second COBSEA Marine Litter Workshop and Cleanup Campaign will be organized in Pattaya, Thailand in close cooperation with the Ministry of Natural Resources and Environment of Thailand and the local government of Pattaya. During the workshop, the further implementation of the recently adopted COBSEA Regional Action Plan on Marine Litter (RAP-MALI) will be discussed.

In connection to the workshop, a media event will be organized in order to celebrate the outcomes of the Clean Up East Asian Seas Campaign 2008 and to launch the COBSEA RAP-MALI. The Clean Up East Asian Seas Campaign 2008 is promoting local cleanup activities among the COBSEA member countries. The campaign is organized by the COBSEA Secretariat in collaboration with Clean Up the World, Ocean Conservancy's ICC and Green Fins.

In addition, all workshop participants will participate in a beach cleanup campaign organized in collaboration with the local government of Pattaya.

Events Calendar – List View

The Events Module produces a display of upcoming events as a list in chronological order or in calendar format. Events may have additional information and links can be set to automatically expire on a particular date, or re-occur by any specified number of days, weeks, months or years.

The screenshot shows the UNEP Events Calendar in List View. The interface includes a top navigation bar with 'Mode: View Edit Design', a 'Show Control Panel?' dropdown, and user links for 'Logout' and 'Jeung'. The UNEP logo is on the left, and a search bar with a 'Go!' button is on the right. The main content area is titled 'Events Calendar' and displays a table of events. Below the table are view toggles for 'Month view', 'Week view', and 'List view'. A tooltip for the 'IUCN World Conservation Congress' event provides a detailed description.

Event Start	Event End	Title

IUCN World Conservation Congress
05/10/2008 9:00 AM - 14/10/2008 5:00 PM

More than 8,000 of the world's leading decision makers in sustainable development: from governments, NGOs, business, the UN and academia. Together in one place for 10 days: to debate, share, network, learn, commit, vote and decide. The objective: ideas, action and solutions for a diverse and sustainable world.
