

**WORLD BANK GROUP**

**Inquiry:** Design of a  
Sustainable Financial System

THE WORLD BANK AND THE UNITED NATIONS ENVIRONMENT PROGRAMME'S  
*INQUIRY INTO THE DESIGN OF A SUSTAINABLE FINANCIAL SYSTEM*  
INVITE YOU TO THE LAUNCH OF THE INQUIRY'S GLOBAL REPORT

## THE FINANCIAL SYSTEM WE NEED ALIGNING THE FINANCIAL SYSTEM WITH SUSTAINABLE DEVELOPMENT

**F**inancing sustainable development is the ultimate purpose of the financial system; it provides the foundations on which its long-term success can be assured, and therefore provides the basis on which to design and measure its efficiency, effectiveness and resilience. Today's financial system is not delivering adequate finance for sustainable development, despite historically low interest rates and a growing surplus of capital seeking basic, secure financial returns.

The objective of the session will be to expose the "quiet revolution" of practice by central banks and other financial market rule setters to its peers.

After opening remarks by **Jim Yong Kim**, President of the World Bank, the below panel will convene to illustrate the key findings of the UNEP Inquiry's report and to explore how to better align the financial system with sustainable development.

- **Mark Carney**, Governor, Bank of England
- **Yi Gang**, Deputy Governor, People's Bank of China
- **Atiur Rahman**, Governor, Bangladesh Bank
- **Achim Steiner**, Under Secretary-General and Executive Director, United Nations Environment Programme

**THURSDAY 8 OCTOBER 2015, 3.00 PM - 4.00 PM**  
**SALA NASCA, THE NATIONAL MUSEUM,**  
**LIMA, PERU**
