ESCAP is the regional development arm of the United Nations and serves as the main economic and social development centre for the United Nations in Asia and the Pacific. Its mandate is to foster cooperation between its 53 members and 9 associate members. ESCAP provides the strategic link between global and country-level programmes and issues. It supports Governments of countries in the region in consolidating regional positions and advocates regional approaches to meeting the region's unique socioeconomic challenges in a globalizing world. The ESCAP office is located in Bangkok, Thailand. Please visit the ESCAP website at www.unescap.org for further information.

The shaded areas of the map indicate ESCAP members and associate members.

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

Where the designation "country or area" appears, it covers countries, territories, cities or areas.

Bibliographical and other references have, wherever possible, been verified. The United Nations bears no responsibility for the availability or functioning of URLs.

The views expressed in this publication are those of the authors or case study contributors and do not necessarily reflect the views of the United Nations.

The opinions, figures and estimates set forth in this publication are the responsibility of the authors and contributors, and should not necessarily be considered as reflecting the views or carrying the endorsement of the United Nations. Any errors are the responsibility of the authors.

Mention of firm names and commercial products does not imply the endorsement of the United Nations, and any failure to mention a particular enterprise, commercial product or process is not a sign of disapproval.

The use of the publication for any commercial purposes is prohibited, unless permission is first obtained from the Secretary of the Publication Board, United Nations, New York. Request for permission should state the purpose and the extent of reproduction.

This publication has been issued without formal editing.

ACKNOWLEDGEMENTS

This publication, “Analytical Approaches to Evaluating Preferential Trade Agreements”, was prepared by Professor John Gilbert, Utah State University, the United States, under the substantive direction and guidance of Dr. Mia Mikic, Director, Trade, Investment and Innovation Division (TIID) of the United Nations Economic and Social Commission for Asia and the Pacific (ESCAP).

The publication is the outcome of a project, “Enhancing the Capacity of the Lao PDR and other ASEAN LDCs to Negotiate Trade and Investment and Engage in Regional Economic Integration Processes”, implemented in partnership between the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH and ESCAP’s Trade, Investment and Innovation Division. The specific objective of the project was to increase the capacity of Lao PDR government officials and other relevant parties to prepare, negotiate and implement reciprocal preferential agreements in the area of trade and investment.

The GIZ-ESCAP project also contributed to the “Regional Economic Integration of the Lao PDR into ASEAN – Trade and Entrepreneurship Development (RELATED) Project” that is part of Lao-German Development Cooperation, supervised by Dr. Hartmut Janus, Project Director.

In addition to the preparation of this publication, the GIZ-ESCAP project included the preparation of training material on “Enhancing Capacity for Trade Policymaking and Negotiations of Preferential Trade Liberalization” as well as the implementation of a capacity-building programme. These two components of the project were supervised by Dr. Rajan S. Ratna from TIID, ESCAP.

The cover design was prepared by Ms. Chen Wen Chen, Consultant, TIID, ESCAP, while the final checks were carried out by Ms. Pakkaporn Visetsilpanon, Research Assistant, TIID, ESCAP. The publication was printed by Erawan Printing Limited Partnership.

CONTENTS

Acknowledgements	iii
1 Introduction	1
1.1 Coverage	1
1.2 Unique Features	2
1.3 Structure of the Resource Book	3
2 Theoretical Framework	5
2.1 Trade Creation and Diversion	5
2.2 Dynamic Effects	9
2.3 Linking to Analytical Methods	9
3 Preliminaries	11
3.1 The Structure of Trade Data	11
3.1.1 Sources of Trade Data	12
3.1.2 Downloading Data from COMTRADE	14
3.2 A Quick Introduction to GAMS	16
3.2.1 What is GAMS?	16
3.3 Getting and Installing GAMS	16
3.4 How Does GAMS Work?	17
3.5 Formatting Data for GAMS	18
4 Trade Indicators	21
4.1 Notation	22
4.2 Measures of Overall Trade Integration	23
4.2.1 Intra-Regional Trade Share	23
4.2.2 Trade Intensity	28
4.2.3 Trade Introversion	31
4.3 Sectoral Composition of Trade	33
4.3.1 Revealed Comparative Advantage	34
4.4 Complementarity and Similarity	37
4.4.1 Regional Orientation	42
5 Decomposing Changes in the Trade Pattern Over Time	47
5.1 Constant Market Share Analysis	47
5.1.1 Decomposing Trade Flows	48

5.1.2	Decomposing Trade Shares	56
5.1.3	Breaking Down the Components by Region	63
6	Partial Equilibrium Analysis	65
6.1	Foundations	66
6.2	A Simple Partial Equilibrium Model	67
6.2.1	Theoretical Structure	68
6.2.2	Calibrating the Model	69
6.2.3	Coding the Problem in GAMS	69
6.2.4	Sample Application	73
6.3	Import Differentiation by Source	75
6.3.1	Changes to the Theory	75
6.3.2	Coding the Problem in GAMS	77
6.3.3	Sample Application	81
7	General Equilibrium Analysis	85
7.1	A Primer on CGE Analysis	86
7.2	Example: Analyzing the TPP Using GTAP	89
7.2.1	What Were the Study Objectives?	89
7.2.2	What Was the Setup?	90
7.2.3	What Were the Results?	91
7.2.4	How Did We Contextualize the Results?	91
7.2.5	What Were the Limitations?	96
7.3	A Basic CGE Model	96
7.3.1	Running the Model	98
7.4	Application Example to Viet Nam	100
7.5	Appendix	103
