

Strategies to Tackle the Issue of Seat Belt and Child Restraint Use for Road Safety in the Asia-Pacific Region: Implementation Framework

The Economic and Social Commission for Asia and the Pacific (ESCAP) is the most inclusive intergovernmental platform in the Asia-Pacific region. The Commission promotes cooperation among its 53 member States and 9 associate members in pursuit of solutions to sustainable development challenges. ESCAP is one of the five regional commissions of the United Nations. The ESCAP secretariat supports inclusive, resilient and sustainable development in the region by generating action-oriented knowledge, and by providing technical assistance and capacity-building services in support of national development objectives, regional agreements and the implementation of the 2030 Agenda for Sustainable Development.

Strategies to Tackle the Issue of Seat Belt and Child Restraint Use for Road Safety in the Asia-Pacific Region: Implementation Framework

Acknowledgments

The report was prepared under the overall guidance and technical inputs of Ishtiaque Ahmed, PhD, Economic Affairs Officer as the Project Officer. Valuable advice was extended by Thanattaporn Rasamit, Chief of Sustainable Transportation Section and by Weimin Ren, Director, Transport Division of ESCAP.

The Strategies to Tackle the Issue of Seat Belt and Child Restraint Use for Road Safety in the Asia-Pacific Region: Implementation Framework report was prepared by Maria Segui-Gomez, PhD, international consultant and Haocheng Hong, Yuxuan Duan, Savannah Liss, Keyan Bai, Kamol Debnath Dip, interns in the Transport Division of ESCAP.

The information about the case study in Malaysia was provided by the Malaysia Institute of Road Safety Research (MIROS).

Table of Contents

1. Introduction.....	1
1.1 Background	1
1.2 Road traffic deaths trends in ESCAP member countries	2
1.3 Why are seat belts and child restraints important?.....	5
1.4 Effectiveness of seat belts.....	6
1.5 Effectiveness of child restraints	8
2. Seat Belt Use in ESCAP Member Countries	9
2.1 Seat belt usage	9
2.2 Laws, enforcement, and implementation situation	12
2.3. Other means to increase usage rates.....	17
3. Child Restraint Use in ESCAP Member Countries	17
3.1 Usage of child restraints.....	17
3.2 Laws, standards, enforcement, and implementation situation	19
5. Case Studies.....	22
Thailand.....	22
Malaysia	24
Australia	25
6. Additional challenges	26
6.1 Social acceptability of seat belts and child restraints	26
6.2 Political will to address the situation	27
6.3 Barriers regarding the access to child restraints.....	28
6.4 Resources to implement road safety interventions.....	29
7. Conclusion	30
8. Recommendations and Implementation Framework	31
8.1 Raising social demand	31
8.2 Enforcement.....	32
8.3 Education and awareness campaigns	32
8.4 Road Safety Data Collection	33
8.5 Implementation Framework	34
References.....	36
Appendix A. ESCAP Member Countries	40
Appendix B. Road Safety Sustainable Development Goals.....	41
Appendix C. 12 Global Voluntary Performance Targets for Road Safety Risk Factors and Service Delivery Mechanisms	42
Appendix D. Seat Belt and Child restraint laws, wearing, and enforcement rates in ESCAP member countries	43

List of Tables

Table 1. Leading causes of death worldwide, all ages, 2016.....	1
Table 2. Effect of seat belt on the probability of personal injuries in all types of collisions.	7
Table 3. Effects of child restraint on risk of injury in crashed passenger cars.....	9
Table 4. Seat belt use, by reporting source. Selected ESCAP countries, ca 2016.....	11
Table 5. Enforcement of seat belt use legislation, by reporting source. Selected ESRA members, 2016 & 2018.....	16
Table 6. Child restraint regulations in ESCAP member countries, 2021.....	20
Table 7. Proposed stepwise implementation framework.	34
Table 8 (A1). ESCAP member countries and associate members by income level, 2016.	40
Table 9 (D1) Seat belt laws and seat belt wearing rates, ESCAP member countries.	43
Table 10 (D2). Seat belt enforcement rates, ESCAP member countries.	48
Table 11 (D3). Child restraint laws and enforcement rates, ESCAP member countries.	50

List of Figures

Figure 1. Selected ESCAP road traffic deaths and death rates, 2013-2016.....	3
Figure 2. Road fatality rates, selected ESCAP member countries, by income level, 2016.	3
Figure 3. Percentage of fatal victims as occupants of 4-wheeled vehicles. Selected ESCAP member countries, 2016.....	5
Figure 4. Decision-making sequence to determine worth of objective and strategies to follow. ..	6
Figure 5. Seat belt use for drivers as reported by governments. Selected ESCAP member countries, 2016.....	10
Figure 6. Number of countries with legislation on the seven key road risk factors, by ESCAP sub-region, 2016.	13
Figure 7. Proportion of countries that apply seat belt laws by seating position and role, globally, 2016.....	14
Figure 8. Enforcement of seat belt legislation on a 0 (none) to 10 (best) scale. Selected ESCAP member countries, 2016.....	16
Figure 9. Child restraint types, using child weight as primary criterion.....	18
Figure 10. Child restraint types, using child height as primary criterion.	18
Figure 11. Self-reported child restraint use. Selected ESCAP member countries, 2020.....	19
Figure 12. Number of ESCAP member countries with child restraint laws based on child restraint standards, 2016.	21
Figure 13. Enforcement of child restraint laws from 0 (none) to 10 (best). Selected ESCAP member countries, 2016.....	22
Figure 14. Road deaths by road user type in Thailand	23
Figure 15. Funding to implement road safety strategy by country income level, 2016	29

Abbreviations

ACA — Australian Consumers' Association

APRSO -Asian Pacific Road Safety Observatory

ASEAN — Association of Southeast Asian Nations

CREP — Child Restraint Evaluation Program

ESCAP — Economic and Social Commission for Asia and the Pacific

ESRA —E-Survey on Road Users Attitudes

GDP — Gross Domestic Product

GNP — Gross National Product

GRSP — Global Road Safety Partnership

IRTAD – International Road Traffic Accident Data (within OECD's ITF)

MIROS — Malaysian Institute of Road Safety Research

NCAP — New Car Assessment Programme

NGO — Non-Governmental Organizations

NRMA— National Roads and Motorists Association

RTA— Roads and Traffic Authority

RTC— Road traffic collision

RTDI — road traffic death and injury

SBR — Seat Belt Reminder

SDG — Sustainable Development Goal

UK —United Kingdom of Britain and Northern Ireland

UNECE — United Nations Economic Commission for Europe
