

PUBLIC FINANCE FOR CITIES: ADDRESSING ASIA'S URBANIZATION CHALLENGE

Roy Bahl

Georgia State University

ESCAP: Bangkok

December, 2016

THE ISSUES

- Urbanization Rates are High
- Economic Geography and Fiscal Decentralization
- Quality of Life in Cities
- Opportunities

FINANCING OPTIONS

- Theory and Practice
- Broad-Based Taxes
- Property and Land Taxes
- User Charges
- Intergovernmental Transfers

Governance Issues

- There is a lot of Variation in Government Structure
- Is a Metropolitan Area View Essential?
- Do Fiscal Assignments to Local Governments Depend on Government Structure?
- National Industrial Policy or national Urban Policy?
