TUVALU

Moving up the trade facilitation ladder towards seamless international supply chains

[Cumulative implementation scores of core groups of measures; full implementation =100]

The level of implementation of trade facilitation measures in Tuvalu (20%) is below the level in Asia-Pacific (46.5%). It is also lower than the level of implementation in Pacific Island Developing Economies (28.5%). Among the five core groups of trade facilitation measures, the most implemented in Tuvalu are “Institutional arrangement and cooperation” measures (55.6%). The least implemented are “Paperless trade” measures (0%) and “Cross-border paperless trade” measures (0%).

Implementation of “Transparency” measures is below both the regional and sub-regional averages. The measures least implemented in this area in Tuvalu are *Publication of regulations on the internet* and *Advance ruling*. Implementation of improved “Formalities” is lower than both the regional and sub-regional averages. The least implemented measures in this area are *Risk management*, *Pre-arrival processing*, *Publication of average release times*, *TF measures for authorized operators*, *Expedited shipment* and *Acceptance of paper electronic copies*.

Tuvalu has not implemented any “Paperless trade” measures.

Tuvalu may focus its trade facilitation efforts in particular on implementation of “Paperless trade” measures, as well as on moving towards “Cross-border paperless trade”.
