Unique comprehensive analysis

How much WEEE in EU ?

Who is trading, with whom?

Is the legal framework clear?

Are OCG involved?

What do we recommend?

2012 EU WEEE flows

**9.45
million tons**

is the total amount of
WEEE generated by
EU-28 plus Norway
and Switzerland
but only...

**3.3
million tons**

are officially reported
as **collected and
recycled**

is the total amount of
