& IMPLEMENTATION

Mandate

APEF Plan of Action

II. Areas for action

...

A. 2. Increasing coherence and availability of energy statistics, and policy-related information on energy security to enable analysis and identify focus areas for continuous dialogue and cooperation and possible joint actions of mutual benefit.

Commission Resolution 70/9

Request the Executive Secretary ...

(b) To undertake a periodic review of the progress made in the implementation of the Plan of Action based on information provided on a voluntary basis by members and associate members, as well as by collaborating international organizations.

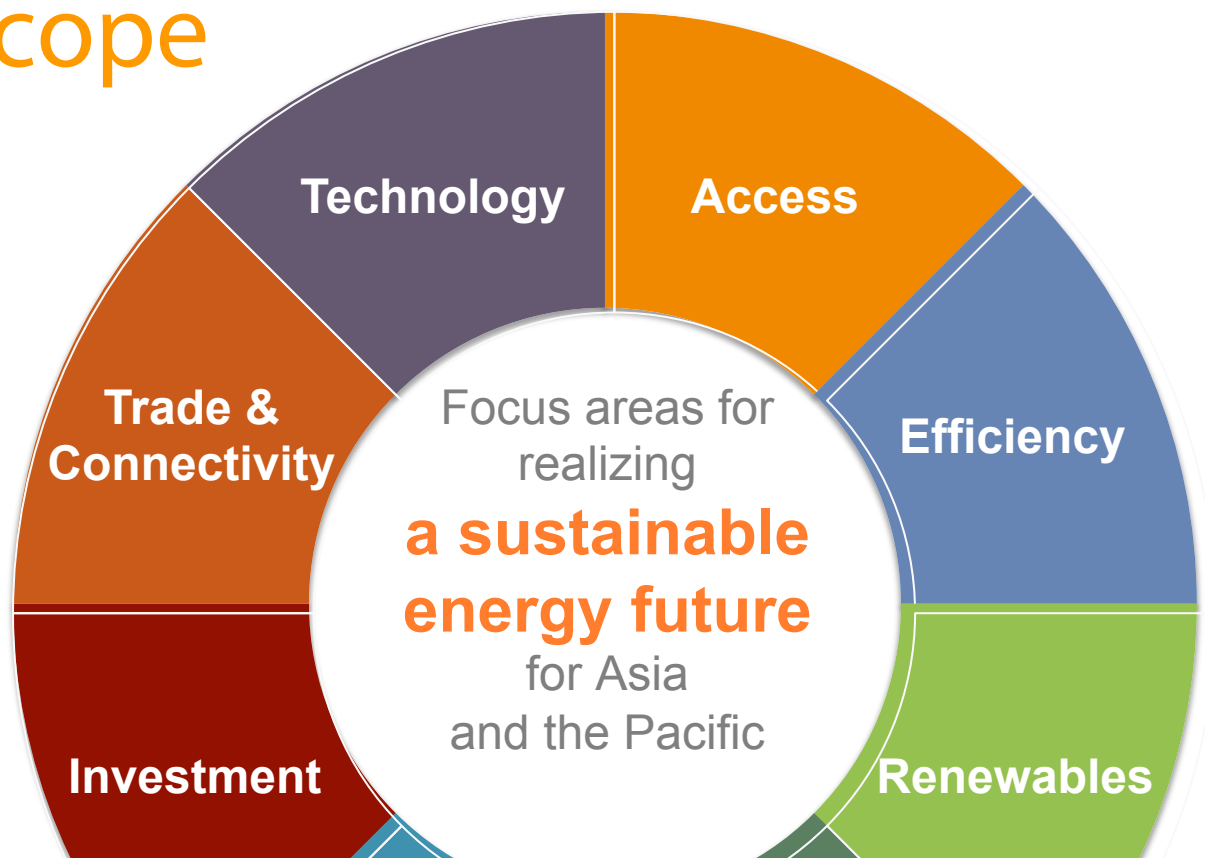

Portal Objectives

- Provide **open access to DATA and POLICY information** on energy and sustainable development.
- Enable identification of trends and rapid analysis of data through **data visualization** and **policy cross-sections**.
- Support **informed decision-making** among Asia-Pacific energy policy makers.
- Support data and policy **tracking, research and analysis** for regional and global initiatives.

What does it enable?

- Search tool on massive amounts of data that returns results in an intelligent manner that people can understand very quickly.
- Infrastructure maps, multi-data and policy analysis possible in one place
- Allows users to interrogate and analyze data instead of having to search for it
