IFC FOCUS AREAS IN TELECOMS, MEDIA, AND TECHNOLOGY

Asia and the Pacific

BROADBAND DEVELOPMENT

We work with companies to increase broadband connectivity, focusing on areas with more potential for sustainable and inclusive development impact

Infrastructure Sharing

We support telecoms infrastructure sharing as a way to reduce companies' costs, create stronger competition, and minimize environmental impact

MOBILE @ FRONTIER

IFC helps mobile operators expand networks and upgrade services to reach all areas and population groups, especially in challenging environments.

FINTECH

IFC supports the development of new technologies that contribute to greater access to financial services.
