The 2030 Agenda for Sustainable Development and Challenges in Asia and the Pacific

Process, coordination and challenges within the context of the overall mandate of ESCAP Subregional Office for North and Central Asia

Elvira Mynbayeva Programme Officer, ESCAP Subregional Office for North and Central Asia

The 2030 Agenda for Sustainable Development

On 25 September 2015 the world leaders agreed to the new agenda:

Building on lessons from the MDGs

- Through 17 transformative sustainable development goals
- To build people-centred, inclusive, peaceful and prosperous societies
- > To end all poverty, everywhere, in all its dimensions

Sustainable Development Goals

Preparing for implementing the 2030 Agenda in Asia and the Pacific – a request for a regional road map

- Asia-Pacific Forum on Sustainable Development as a key regional forum to support implementation
- Requested robust process and a regional road map to support implementation of the 2030 Agenda for Sustainable Development
