- 7 Efforts towards an attractive investment destination**
- 8 Actions for Sustainable Investment Climate**
- 9 Conclusion**

Reforms towards better investment environment

- ❖ Legal framework : enactment of new FIL, SEZ & Rules for FIL;
- ❖ Policy framework : more open, diversify, transparency;
- ❖ Institutional framework : new setup of the MIC ;
- ❖ Procedural framework : streamlining, simplifying, establishment of OSS.

How policies are made and implement ?

Promote Quality Investment

DICA recognizes the significance of quality investment, and the magnitude of its contribution to the growth of national economy.

- Sustainable employment opportunities
- Values and efficiency in national production
- Generate further capital flow
- Technical transfer of knowledge and skills
- Preservation of sustainable environment

**Quality
Investment**
