

# Facilitating trade of SMEs through paperless trade in Asia

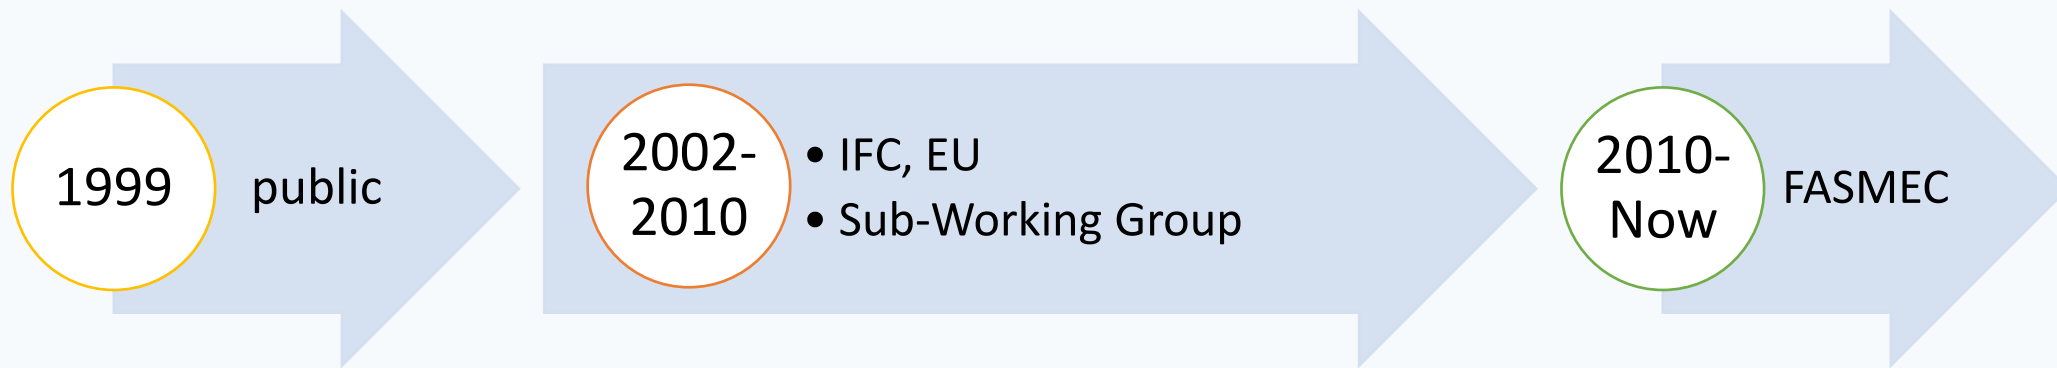

## Experience From Cambodia

Mr. Ly Visal

Office Manager, FASMEC

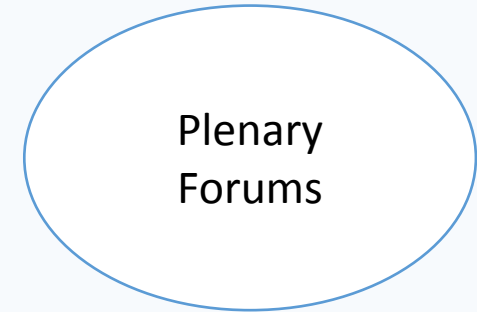

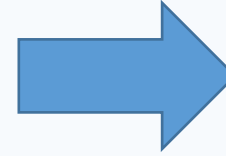

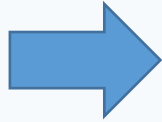

23 September 2014

# Background of FASMEC (M&MSMES-WG)

- Since 1999 Royal Government of Cambodia had established government private sector forum “GPSF” which allows private sectors to discuss with government on investment climate in Cambodia.
- From 2002-2010, International Finance Cooperation “IFC” and EU had provided crucial administrative support for the G-PSF. This include operating a website and helping the working group formulate their recommendation for reform by conducting research and comparing Cambodia’s situation to with other countries.
- From 2010-Now, after eight years of IFC coordination and support for the G-PSF , a new support structure officially launched. Under new structure each working group has secretariat which staffed and financed by leading business association. So Federation of Associations for Small and Medium Enterprises Cambodia (FASMEC) have been established work as secretariat of Manufacturing and Small and Medium Enterprises and Service (M&SMES WG)
