Agriculture Trade

UNECE support to Greece TF Reform

- Assist the Greek Government and European Commission TFGR in implementing a holistic national trade facilitation reform
- Some of the project results are:
 - Customs reform and computerized system
 - Legal reform
 - Application of EU best practice
 - Stakeholder consultation
 - Agriculture trade facilitation reform
- Since 2012, Greece has improved its ranking in the World Bank Doing Business study by 28 positions from position 100 to 72.
- The competitive position of Greece in the WB Customs related Logistic Performance Index show substantive improvement by 52 positions, from 94 to 42.

In preparation: Guide for drafting a national Trade Facilitation Roadmap

Trade Facilitation Roadmap describes the countries trade facilitation approach:

- national policy objectives for trade facilitation,
- actions to be undertaken,
- Key performance indicators to measure implementation progress
- ☐ the timelines.
- □ Guide with two parts: (I) template of a Roadmap document and (II) How to organise the drafting process

Part I 'Template for the National Trade Facilitation Roadmap'

it cost?

TF Roadmap Guideline

A Guide from practitioners to practitioners

- Builds on well-known planning methodologies such as the Logical Framework Approach and Prince2.
- Guide from practitioners to practitioners.
- Target group: policy makers and national trade facilitation committees,
- UNECE will look for substantive input from experienced trade facilitation implementers around the world. Their experiences and advice will be integrated in this Guide.

Trade Facilitation Roadmap'. Mandate INITIATION and establishment of Drafting Team PHASE Stakeholder engagement CONCEPTION PHASE Establishment Identification of of Goal issues and Performance action plan Indicators VALIDATION Approval of the Roadmap PHASE
