

- A Potential for Regional Connectivity

Dr. Jawwad Uwais Agha
Collector
10th December 2013

Regional Connectivity

“Transfer of relevant customs data in a structured format, by agreed message standards, in a secure environment, from one country’s customs system to another without human intervention”

Why Connect ?

- Trade Leads ... & Needs
- International Best Practise - UNLK – IGM / SAD /...
- Facilitation
- Safe Trade lanes
- Cargo Controls - Dangerous Substances
- Information Sharing

How Connect ?

- **Awareness – All Aboard**

G to G

C to C

B to B

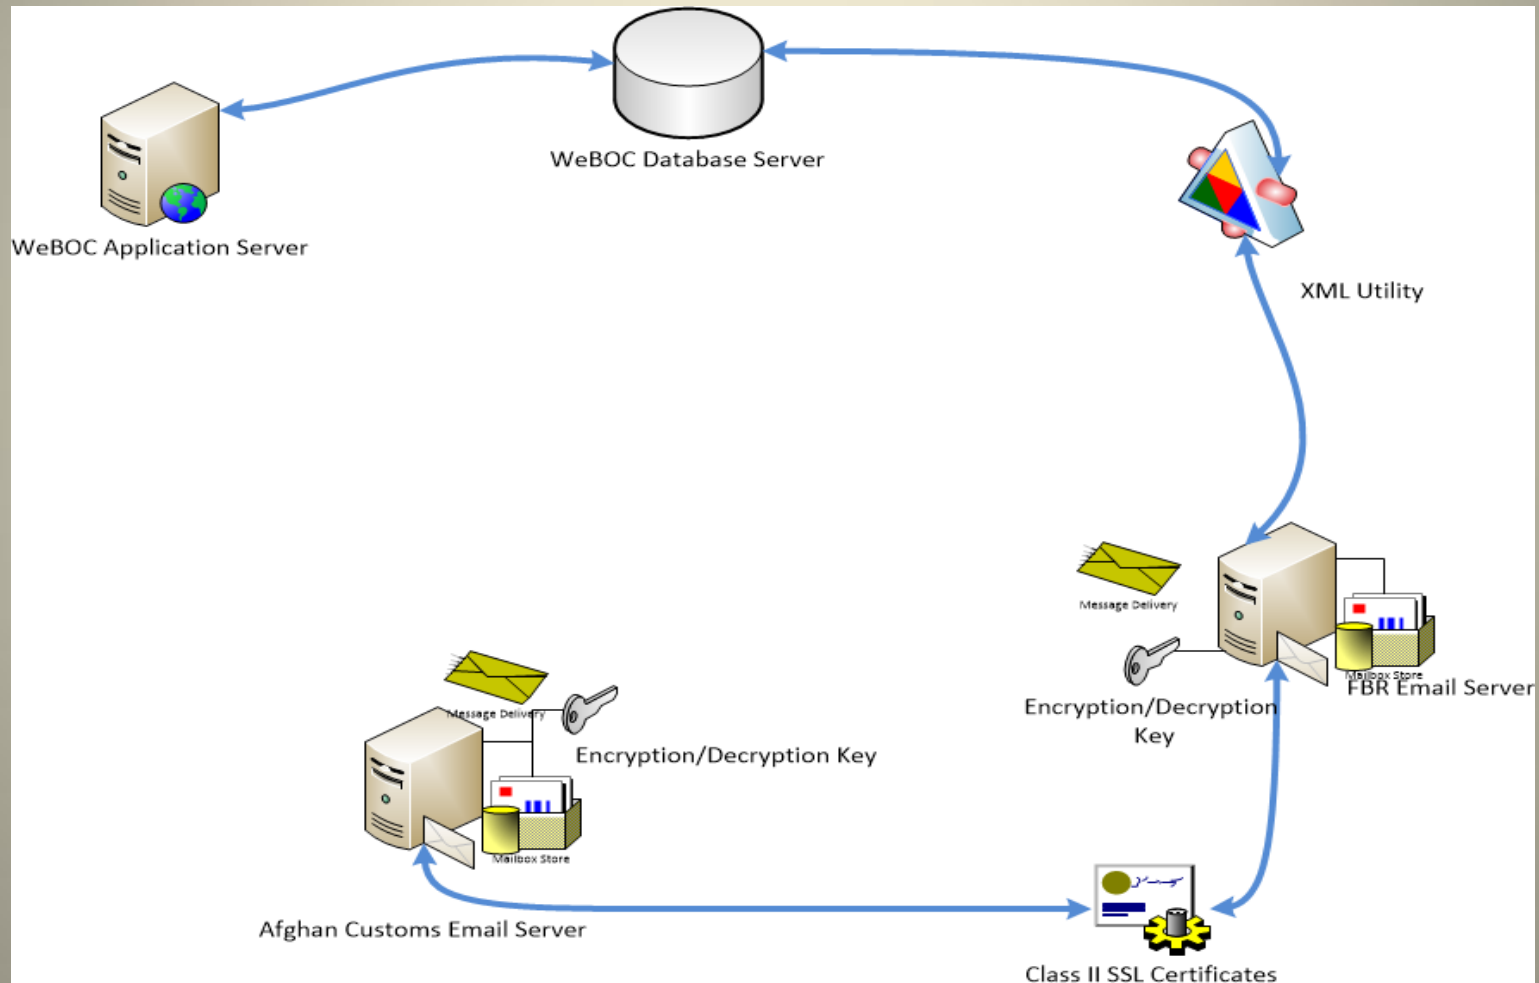

- **Customs Initiative – Focus**
- **Joint Technical Working – Establish**
- **Agreements - Stakeholder Push**

Experience in Regional connectivity

Pakistan - Afghan Customs

Regional Connectivity – On the cards !

- Pak-US (IC3)
- Pakistan-Afghan:- extension to Hairatan and Sher Khan Bandar
- EDI with India at Wagha also in the planning phase
- EDI with China – working group formed by FBR
- EDI facility to be extended to CAREC –
coordination with customs administrations being
