Procedure Name	Description
Application for Certificate of Quality (DSM/MST)	This procedure applies to the importation of certain items listed in a list of controlled products (construction materials, electrical equipment, etc.). The list of goods can be obtained from the Ministry of Science and Technology (DSM/MST). You can contact the provincial office of the DSM. A trader must apply for a technical inspection to be carried out on the goods for import. Please refer to Regulation on the Quality Inspection of Goods No. 12

Main tasks:

- Conduct feasibility study on NSW establishment
- Draft PM decree on NSW implementation

Lao NSW Feasibility Study

- ❑ Requested fund from the World Bank
- ❑ World Bank provided 1.35 million USD for conducting study
- ❑ PM Group (Ireland) won the bid and started the project in September 2012
- ❑ Expected outcome:
 1. An overall vision of Lao NSW
 2. Legal and regulatory framework
 3. Governance and operation structure
 4. Revenue model and fee structure
