# Disaster Management System in Pakistan

## Earthquake - 2005 proved a wake up call

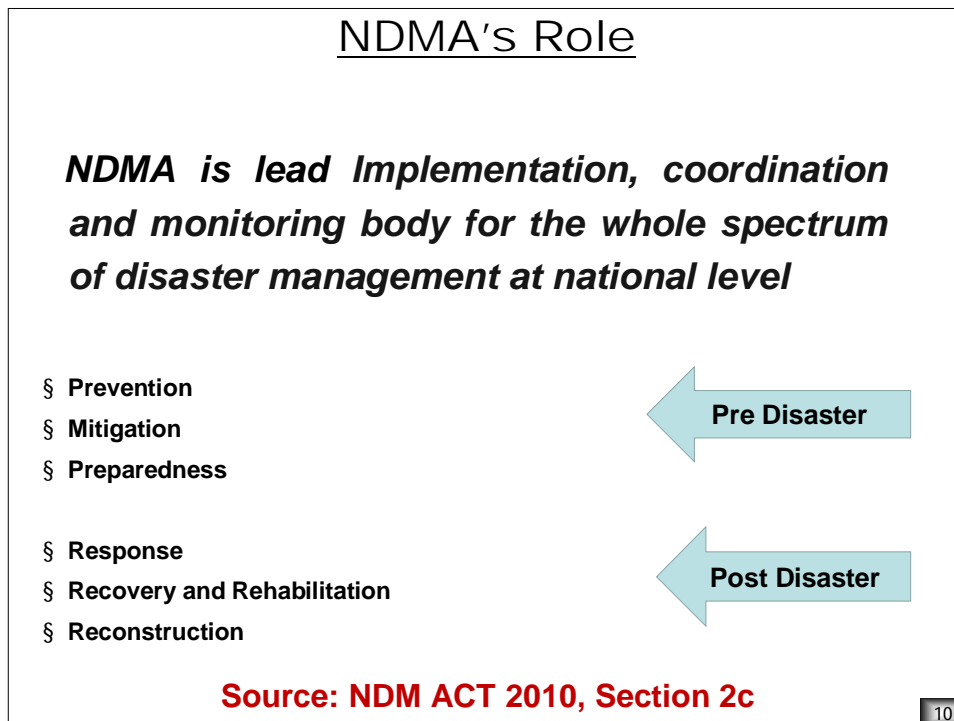

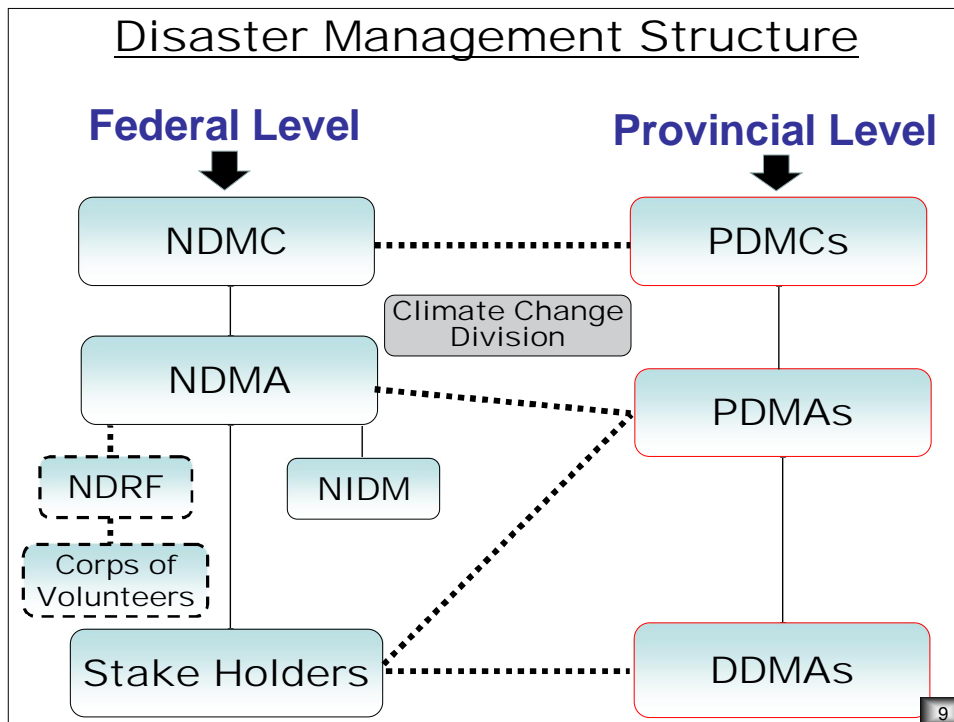

7

## We Realized

- § **Absence of hazard and risk assessment for informed planning**
- § **Absence of hazard resilient Infrastructure (particularly schools and housing)**
- § **Development insensitive to Disaster Risk Reduction (DRR)**
- § **Inadequacies of specialized search and rescue capacity (USAR)**
- § **Limited awareness and capacity among communities**
- § **Absence of information Management/Information Sharing**

***Therefore a comprehensive & proactive  
Disaster Management System was established through an  
Act of Parliament***
