

***Building a Community of Practices (COP) for  
Information sharing in DRR and Disaster  
Management.***

***Rajindra Ariyabandu  
Consultant -Space Application Section  
Information Communication and Disaster Risk  
Reduction Division  
ESCAP***

***Establishing a Community of Practices  
(CoP)***

***Establish a Community of  
Practices (CoP) and a network of  
expertise to share Geo-DRM  
information and best practices  
among DRM stakeholders in the  
Asia pacific region***

## What is Community of Practices?

IS A GROUP OF PEOPLE WHO SHARE A SIMILAR CONCERN, A SET OF PROBLEMS OR A TOPIC. AND WHO WANTS TO DEEPEN THEIR KNOWLEDGE BY INTERACTING ON AN ON GOING BASIS.

MEMBERSHIP OF A COMMUNITY OF PRACTICES IS VOLUNTARY

A COP HAS A DOMAIN ( TOPIC WHICH MEMBERS HAVE A SHARED INTEREST), COMMUNITY ( MEMBERS WHO SHOULD ENCOURAGE SHARING), PRACTICE ( THE PARTICULAR KNOWLEDGE OF THE ISSUE COMMUNITY MEMBERS SHARE)

## *What does the CoP hope to achieve*

*Aims to increase the awareness on the importance of GEO-REF information sharing for DM by encouraging the key stakeholders to actively participate in the network activities.*

*The network envisages to increase the interaction of regional policy makers, practitioners and experts with special reference to LDCs, LLDCs and SIDs*

## *What is our Strategy?*

### *Information sharing*

*§ The CoP shall attempt to share high quality analytical GEO-REF information for effective disaster risk reduction*

*§ CoP shall attempt to develop a close collaboration among policy makers and experts with special reference to LDCs, LLDCs and SIDs*

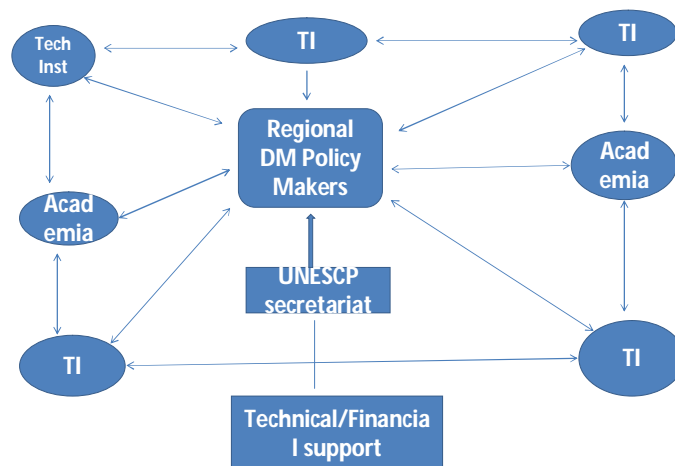

## *Structure of the CoP*

*Initially the GEO-REF CoP shall be an Informal open community primarily of project meeting participants. Subsequently Government agencies, ministries, technical /scientific institutions and academia with a strong interest to contribute/use/share GIS based information for DRR and development shall be the **members***

### *Functioning of the CoP*

***UNESCAP shall function as the secretariat for the CoP linking the policy makers and experts in sharing vital information for disaster risk reduction and development.***

## Structure of the Proposed CoP

*Main mode of sharing  
information*

*§ The main platform for  
information sharing  
will be through an on-line  
community of practices .*

**§ We have created an on-line  
platform**
