

A Pacific View on Regional Cooperation Supporting an Information Society

John Budden
Pacific Island Forum Secretariat

Collective Development

- Cant go alone
 - 2 parties to communications
 - ITU learned >100 years ago
 - Internet relearned with sharing-
- Competitive World
 - Zero sum games
 - Sovereignty
 - Economic nationalism
- Regional organizations
 - Synergies
 - Critical mass
 - Mutual support
- Concerned with results
 - Economic growth
 - Equity, security, stability
 - Social education health
 - Trade
- Ie ICTs that achieve something
- That is why it is useful to put ICTs in context of MDGs

OCEANIA

MDG Scorecard

- MDG 1 Achievable except for Melanesia
- MDG 2 Ditto
- MDG 3 Ditto
- MDG 4 Ditto
- MDG 5 Ditto
- MDG 6 Ditto
- MDG 7 Polynesia and Micronesia vulnerable
- MDG 8 Going well
- Melanesia not resources but governance

WSIS Scorecard

- Infrastructure
 - Reform key to big counties M10-B1
 - USS poor
 - Backbone imminent cables and satellites
- Capacity
 - Part- key is using ICTs
- Content
 - Poor- language, literacy, scale etc
- Applications
 - Mobile imminent
- Culture etc content
 - Poor
- Ethical etc
 - Poor

Pacific Issues

- Size, distance, hostile environment
- Money, human capacity, appropriate technology
- Language, custom, ethnicities

Recommendation 1

Sector reform and connectivity

Exploit cross sectoral synergies

Reduced costs and more flexible networks
and services

Delivered benefits in Tonga, PNG, Samoa,
Fiji, Vanuatu- soon Solomon Islands

Mobile connectivity skyrocketed

M- banking set to take off
