ECONOMIC AND SOCIAL COMMISSION FOR ASIA AND THE PACIFIC

ESCAP is the regional development arm of the United Nations and serves as the main economic and social development centre for the United Nations in Asia and the Pacific. Its mandate is to foster cooperation between its 53 members and 9 associate members. ESCAP provides the strategic link between global and country-level programmes and issues. It supports Governments of the region in consolidating regional positions and advocates regional approaches to meeting the region's unique socio-economic challenges in a globalizing world. The ESCAP office is located in Bangkok, Thailand. Please visit our website at <www.unescap.org> for further information.

The shaded areas of the map are ESCAP Members and Associate members.

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city, or area or of its authorities, or concerning the delimitation of its frontiers and boundaries.

The views expressed in this publication are those of the authors and do not necessarily reflect the views of the United Nations.

This publication may be reproduced in whole or in part for educational or non-profit purposes without special permission from the copyright holder, provided that the source is acknowledged. The ESCAP Publications Office would appreciate receiving a copy of any publication that uses this publication as a source.

Mention of firm names and commercial products does not imply endorsement of the United Nations

This paper is produced from 100% eucalyptus plantations without consuming the material from natural forest and using the elemental chlorine-free bleaching process and using water based coating.

ENERGY SECURITY AND SUSTAINABLE DEVELOPMENT IN ASIA AND THE PACIFIC

United Nations
ESCAP

ECONOMIC AND SOCIAL COMMISSION FOR ASIA AND THE PACIFIC

CONTENTS

FOREWORD	xi
ACKNOWLEDGEMENTS	xii
ABBREVIATIONS	xiii
EXECUTIVE SUMMARY	xvii
Rapid growth in energy consumption.....	xvii
Renewable energy and climate change.....	xviii
The potential for trade.....	xviii
Investment and finance	xix
Innovation and competitiveness.....	xix
Regional and subregional cooperation.....	xix
CHAPTER 1 ENERGY AND SUSTAINABLE DEVELOPMENT	1
Structure of this theme study	4
Energy security and the Millennium Development Goals.....	5
Fuelling economic growth	6
Energy and social development.....	11
Environmental sustainability.....	15
Climate change.....	19
CHAPTER 2 AVAILABLE ENERGY RESOURCES, SUPPLY AND DEMAND	25
Energy availability.....	27
Energy production	37
Supply and consumption	52
Trade in energy.....	55
Total final consumption	62
Final energy mix.....	64
Sectoral consumption.....	65
End-use energy efficiency	66
Conclusions	74
CHAPTER 3 FINANCING FOR ENERGY INFRASTRUCTURE DEVELOPMENT AND INVESTMENT NEEDS	77
Methodology	80
Demand outlook—baseline scenario	81
Demand outlook—sustainable energy scenario	86
Energy infrastructure expansion—baseline scenario	89
Baseline scenario investment needs	93
Sustainable energy scenario investment needs.....	99
Energy markets.....	103
Sources of finance for energy infrastructure	104
Financial institutions	107

	Financing mechanisms.....	109
	Financing channels.....	110
	Establishing a regional capital investment fund.....	118
	Conclusion	123
CHAPTER 4	POLICIES AND INSTITUTIONAL MECHANISMS.....	125
	National energy policy	128
	Strategic oil reserves	129
	Policies for improving energy efficiency.....	130
	Policies to support renewable energy	134
	The Institutional setting.....	139
	International, regional and subregional policies	140
	Regional organizations.....	145
	Subregional organizations	147
	Conclusion	148
CHAPTER 5	ENERGY TRADE AND TRANSBOUNDARY ENERGY COOPERATION	149
	Energy trading regimes.....	154
	A trans-Asian energy system.....	155
	South-South cooperation.....	159
	Conclusion	162
CHAPTER 6	INNOVATION AND COMPETITIVENESS.....	163
	Clean energy technologies	165
	Biofuels.....	168
	Nuclear power	170
	Other emerging technologies	170
	Price and taxation.....	172
	New directions in energy sector governance	172
	Knowledge management.....	173
	Conclusion	179
CHAPTER 7	ENERGY SECURITY AND SUSTAINABLE DEVELOPMENT IN LEAST DEVELOPED COUNTRIES, LANDLOCKED DEVELOPING COUNTRIES AND SMALL ISLAND DEVELOPING STATES	181
	Primary energy supplies	185
	Renewable energy technologies	194
	Financing energy projects.....	196
	Energy efficiency	197
	Subregional cooperation.....	198
	Policy suggestions for small island developing States, least developed countries and landlocked developing countries	199
	Conclusion	201

CHAPTER 8	POLICY OPTIONS FOR ENERGY SECURITY AND SUSTAINABLE DEVELOPMENT	203
	Energy and sustainable development	206
	Investment and financing	207
	Modern energy services for all.....	207
	Special needs of least developed countries, landlocked developing countries and small island developing States.....	208
	Innovation and competitiveness	208
	Regional and subregional cooperation.....	208
	The way forward	208
ENDNOTES		210

Boxes

Box 1-1—Definitions of energy security	4
Box 1-2—Units of energy.....	4
Box 1-3—Impact of indoor air pollution on women and children	14
Box 1-4—China’s National Climate Change Programme	23
Box 3-1—Pro-poor public-private partnerships for electricity in Indonesia.....	102
Box 3-2—International financial institution support for clean energy	119
Box 4-1—National strategic oil reserves	130
Box 4-2—Reducing energy intensity in China	131
Box 4-3—The Renewable Energy Bill in the Philippines.....	134
Box 4-4—ESCAP initiative for integrating energy and rural development	138
Box 5-1—A trans-Asian energy system	158
Box 5-2—China and India cooperate on energy issues.....	159
Box 5-3—Biomass gasifier technology transfer from India to Sri Lanka	160
Box 5-4—Facilitating energy technology transfer through advisory services	162
Box 6-1—FutureGen—a zero-emissions coal-fired power plant	167
Box 6-2—Regional forum on bioenergy sector development.....	170
Box 6-3—Carbon capture and storage.....	171
Box 6-4—Knowledge hubs	178
Box 7-1—Rural energy development in Nepal	194
Box 7-2—Remote solar energy systems in Kiribati.....	195
Box 7-3—Grameen Shakti—Banking for the poor with clean and affordable energy	197
Box 7-4—A framework for energy cooperation in least developed countries, landlocked developing countries and small island developing States	201
Box 8-1—An Asia-Pacific sustainable energy security framework	209
