

REVIEW OF DEVELOPMENTS IN TRANSPORT IN ASIA AND THE PACIFIC 2005

United Nations
ESCAP

ECONOMIC AND SOCIAL COMMISSION FOR ASIA AND THE PACIFIC

ESCAP is the regional development arm of the United Nations and serves as the main economic and social development centre for the United Nations in Asia and the Pacific. Its mandate is to foster cooperation between its 53 members and 9 associate members. ESCAP provides the strategic link between global and country-level programmes and issues. It supports Governments of the region in consolidating regional positions and advocates regional approaches to meeting the region's unique socio-economic challenges in a globalizing world. The ESCAP office is located in Bangkok, Thailand. Please visit our website at www.unescap.org for further information.

The shaded areas of the map represent ESCAP members and associate members.

ESCAP WORKS TOWARDS REDUCING POVERTY AND MANAGING GLOBALIZATION

Acknowledgements: This document was prepared by the Transport and Tourism Division (TTD), ESCAP, led by the Transport Policy and Tourism Section. Assistance and consultancy inputs were provided by Meyrick and Associates Pty., Limited (www.meyrick.com.au). The Chapter on Air Transport was graciously provided by the International Civil Aviation Organization (ICAO), Bangkok, Thailand. Most of the data shown in the tables containing selected infrastructure projects (tables VI.2, VII.3, VIII.3, X.2 and XIII.2) were provided by Thomson Project Finance International and Thomson SDC Platinum.

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Mention of firm names and commercial products does not imply the endorsement of the United Nations.

The term “ESCAP region” is used in the present document to include Afghanistan; American Samoa; Armenia; Australia; Azerbaijan; Bangladesh; Bhutan; Brunei Darussalam; Cambodia; China; Cook Islands; Democratic People’s Republic of Korea; Fiji; French Polynesia; Georgia; Guam; Hong Kong, China; India; Indonesia; Islamic Republic of Iran; Japan; Kazakhstan; Kiribati; Kyrgyzstan; Lao People’s Democratic Republic; Macao, China; Malaysia; Maldives; Marshall Islands; Federated States of Micronesia; Mongolia; Myanmar; Nauru; Nepal; New Caledonia; New Zealand; Niue; Northern Mariana Islands; Pakistan; Palau; Papua New Guinea; the Philippines; Republic of Korea; Russian Federation; Samoa; Singapore; Solomon Islands; Sri Lanka; Tajikistan; Thailand; Timor-Leste; Tonga; Turkey; Turkmenistan; Tuvalu; Uzbekistan; Vanuatu and Viet Nam. The term “developing ESCAP region” excludes Australia, Japan and New Zealand. The term “Central Asia” in this publication refers to Armenia, Azerbaijan, Georgia, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan.

On 1 July 1997, Hong Kong became Hong Kong, China. Mention of “Hong Kong” in the text refers to a date prior to 1 July 1997.

On 20 December 1999, Macau became Macao, China. Mention of “Macau” in the text refers to a date prior to 20 December 1999.

The term “billion” signifies a thousand million.

Unless otherwise stated, current United States dollars have been used throughout.

This publication has been issued without formal editing.

EXECUTIVE SUMMARY	1
PART ONE: THE CHALLENGE FOR TRANSPORT	13
I. MEETING THE NEEDS OF TRADE	15
A. Economic growth in the world	15
B. Economic growth in the ESCAP region	17
C. Intraregional and interregional trends in merchandise trade	18
II. MEETING THE NEED FOR PERSONAL MOBILITY	25
A. World and regional population growth and distribution	25
B. Trends in urbanization	27
C. Demographic change	30
III. MEETING THE NEEDS OF THE ENVIRONMENT	33
A. Greenhouse gas emissions due to transport	33
B. Local air pollution due to transport	34
C. Initiatives to reduce air pollution and GHG emissions from transport	36
IV. MEETING THE NEEDS OF THE POOR	41
A. Transport and poverty reduction	41
B. Rural poverty and transport	42
C. Urban poverty and transport	43
D. Infrastructure and “inclusive development”	44
PART TWO: DEVELOPMENTS IN INFRASTRUCTURE	45
V. CHANGING DELIVERY MECHANISMS	47
A. Private sector financing of transport infrastructure	47
B. Developing institutions to facilitate private sector investment	55
VI. ROADS AND ROAD TRANSPORT	63
A. Introduction	63
B. Asian Highway project	63
C. Growth and development of the region’s road infrastructure	66
D. Growth in road vehicle fleets and motorization trends in the region	67
E. Selected road and highway investment projects	70
VII. RAILWAY TRANSPORT	75
A. Railway traffic trends	75
B. Rail systems growth	78
C. Network development	84
VIII. SHIPPING	89
A. Registered fleet capacities	89
B. Vessels by country of domicile	91

CONTENTS (continued)

	<i>Page</i>
C. Shipbuilding	91
D. Trends in container slot capacity and ship size	92
E. Trends in bulk shipping fleet capacities	94
F. Trends in the average age of merchant fleets	94
G. Productivity trends in the world merchant shipping fleet	95
H. Supply-side developments in world container shipping	96
IX. PORTS	99
A. Trends in container port throughput	99
B. Selected port infrastructure projects	102
X. AIR TRANSPORT	109
A. Air traffic growth trends and forecasts	109
B. Investment in air transport infrastructure and aircraft fleets	113
C. Institutional developments in air transport	115
D. Technological developments affecting air transport	116
XI. URBAN TRANSPORT	121
A. Introduction	121
B. Growing motorization	121
C. Public transport initiatives	123
D. Para-transit	127
E. Non-motorized transport	128
F. Case Studies: transportation in Beijing, Colombo and Kuala Lumpur	128
PART THREE: GLOBALIZATION, REGIONALISM AND INTERMODAL SYSTEMS	133
XII. GLOBALIZATION, TRADE AGREEMENTS AND TRANSPORT	135
A. Background	135
B. WTO, GATS and Asian Trade Agreements	135
C. Spreading the benefits of globalization through transport infrastructure development	141
XIII. REGIONAL COOPERATION AGREEMENTS	143
A. General trends	143
B. Examples of regional cooperation agreements	147
XIV. COLLOCATION OF PRODUCTION TRANSPORT FACILITIES	155
A. Recent international developments	155
B. Logistics centres and distriparks in the ESCAP region	156
C. Free Trade Zones	158
XV. INTERMODAL SYSTEMS	161
A. What is an 'Intermodal System'	161
B. General benefits associated with intermodal systems	162
C. Intermodal infrastructure in the ESCAP region	162
D. Constraints to the development of intermodal systems	166
ANNEX: STATISTICAL NOTES	169
A. Aggregation	169
B. Growth rates	170

CONTENTS *(continued)**Page***LIST OF TABLES**

I.1	Annual GDP growth rates for the world and selected regions and countries, 1998-2005	15
I.2	Annual GDP growth rates for selected ESCAP countries and subregions, 1998-2006	16
I.3	Exports of merchandise (f.o.b.) at current prices, 1980-2004	20
I.4	Direction of exports for selected countries and subregions, 1995-2003	22
II.1	Estimates of population 2000-2025, and population growth 1980-2025: world and ESCAP region	25
II.2	Population indicators in the Asia-Pacific region 2004	25
II.3	Estimates of urban population, level of urbanization and rate of growth of the urban population in selected economies of the ESCAP region, 1960-2025	28
II.4	Actual and expected population and growth rate of urban agglomerations with more than 10 million inhabitants in 2005, 1980-2015	29
II.5	Selected dominant urban agglomerations and their proportion of the national population, 1980-2015	29
II.6	Age demographic and gender ratio of the population aged 65+ in the ESCAP region, 2004	30
V.1	Transport sector project investments in ESCAP countries with private sector participation, 1990-2003	49
V.2	Sample of PPP projects in ESCAP countries, 2000-2003	50
VI.1	Classification and design standards of the Asian Highway network	65
VI.2	Length and quality of the Asian Highway network	65
VI.3	Selected road and highway investment projects in the ESCAP region	71
VII.1	Trends in railway freight tonnage in the ESCAP region, 1997-2004	75
VII.2	Trends in railway freight traffic task in the ESCAP region, 1997-2003	76
VII.3	Change in railway employee numbers in the ESCAP region, 1997-2003	81
VII.4	Selected railway infrastructure development projects in the ESCAP region	84
VII.5	Breaks-of-gauge in the Trans-Asian Railway network	86
VII.6	Missing links in the Trans-Asian Railway network	87
VIII.1	Capacity of merchant fleets registered in the ESCAP region, 1980-2003	90
VIII.2	Registered domiciled vessels for major shipowning economies, 1998-2003	91
VIII.3	World shipbuilding production – total ships on order as at June 2004	92
VIII.4	Movements in the average age of the world fleet	95
VIII.5	Developments in Major Alliances	97
IX.1	Port container traffic, 1990-2003	100
IX.2	Selected port infrastructure projects in the ESCAP region	103
X.1	Annual average growth in air passenger traffic, by region, estimate for 2004-2007	111
X.2	Annual average growth in air freight traffic, by region, estimate for 2002-2015	112
XI.1	Selected Bus Rapid Transit (BRT) projects in the ESCAP region	125
XII.1	Principal RTAs involving ESCAP countries	138

CONTENTS *(continued)**Page***LIST OF TABLES** *(continued)*

XIII.1	Substantive content of current regional cooperation in infrastructure, facilities and services	143
XIII.2	Matrix of subregional and regional agreements/organizations with a transport or communications component, versus its member countries in Asia	146
XIV.1	Selected distriparks and logistics centres in the ESCAP region	157
XIV.2	Selected Free Trade Zones in the ESCAP region	159
XV.1	Parkes Facility, Australia	163
XV.2	North Port, Malaysia	164
XV.3	Intermodal transport and logistics in China in the 1990s	167

LIST OF FIGURES

I.1	ESCAP exports as a share of world exports, 1980-2004	21
II.1	Population shares of various ESCAP subregions, 2004 and 2025	27
II.2	Life expectancy and fertility rate in Asia, Oceania and the World, 1950-2050	30
III.1	Average annual pollution concentrations by city, 2000-2003	34
III.2	Ambient versus roadside air quality	35
III.3	Air quality data from 2000 to 2003 compared with 1990-1999	36
III.4	Efforts to reduce sulphur levels	38
IV.1	Progress towards reducing by half the number of people living on less than US\$ 1 per day, in selected ESCAP countries	41
V.1	Investment in transport projects with private sector participation in the world's developing countries, 1990-2003	47
V.2	Investments in transport infrastructure projects with private sector participation, by region, 1990-2003	48
VI.1	Asian Highway Route Map	63
VI.2	Road network growth in selected countries of the ESCAP region, 1993-2002	66
VI.3	Proportion of paved road in selected countries in the ESCAP region	67
