Trade Regulatory Analysis**

Asia-Pacific Digital Trade Regulatory Review 2022

**ESCAP-OECD Initiative on Digital
Trade Regulatory Analysis**

The United Nations Economic and Social Commission for Asia and the Pacific (ESCAP) is the most inclusive intergovernmental platform in the Asia-Pacific region. The Commission promotes cooperation among its 53 member States and nine associate members in pursuit of solutions to sustainable development challenges. ESCAP is one of the five regional commissions of the United Nations. The ESCAP secretariat supports inclusive, resilient and sustainable development in the region by generating action-oriented knowledge, and by providing technical assistance and capacity-building services in support of national development objectives, regional agreements and the implementation of the 2030 Agenda for Sustainable Development.

The shaded areas of the map indicate ESCAP members and associate members. The designations employed and the presentation of material on this map do not imply the expression of any opinion whatsoever on the part of the Secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

This report has been issued without formal editing.

Acknowledgments

This publication is part of the ESCAP-OECD Initiative on Digital Trade Regulatory Analysis. It draws on the research of ESCAP and OECD conducted in 2020-2021. This publication was prepared by the Trade, Investment and Innovation Division (TIID), ESCAP, in collaboration with the Trade and Agriculture Directorate of the Organisation for Economic Co-operation and Development (OECD).

Under the overall guidance of Rupa Chanda, Director of TIID, and with the substantive guidance and inputs of Yann Duval, Chief of the Trade Policy and Facilitation Section (TPFS), TIID, ESCAP, the preparation of this publication was managed by Witada Anukoonwattaka, ESCAP. Witada drafted most of the report, including the section on findings from the Regional Digital Trade Integration Index (RDTII), version 1. The OECD contributed to the section on findings from the OECD Digital Services Trade Restrictiveness Index and Services Trade Restrictiveness Index for computer services, as well as provided comments and inputs to other sections of this publication. The OECD contributors in this publication include Janos Ferencz, Irene Olivan Garcia, and Javier Lopez Gonzalez of the OECD Trade and Agriculture Directorate under the guidance of John Drummond. Any errors and omissions are solely those of ESCAP.

ESCAP consultants collected regulatory data and prepared the national regulatory profiles in the Annex. Martina Francesca Ferracane reviewed the work of ESCAP consultants, compiled the regional RDTII database, and provided significant inputs to the report. National regulatory profiles prepared by Aditi Pandey, Archana Subramanian, Ayushi Singh, Fandi Achmad, Juan F. Rodrigo Lopez, Kshitiz Dahal, LE Thu Ha, Natnicha Sutthivana, Runqiu Du, Said Jafarli, Sariyya Bunyatova, and Yohan Nah. Francis Mark Quimba and Sylwyn C. Calizo from the Philippine Institute for Development Studies contributed inputs related to the Philippines.

Wannarat Charoensri provided technical assistance in the formatting and layout of the publication. Anisa Hussein provided proofreading. The publication also benefited from comments received from national focal points and experts in the economies covered in the regulatory datasets of ESCAP and OECD.
