March 2011

Sponsored by USAID, UNFPA, UNICEF, JICA, and HSSP-2

This report presents preliminary findings of the 2010 Cambodia Demographic and Health Survey (CDHS) which was conducted by the National Institute of Statistics of the Ministry of Planning and the Directorate General for Health of the Ministry of Health of Cambodia. ICF Macro provided technical assistance. The 2010 CDHS is part of the worldwide MEASURE DHS project which assists countries in the collection of data to monitor and evaluate population, health, and nutrition programs. Funding was provided by the United States Agency for International Development (USAID) the United Nations Population Fund (UNFPA), the United Nations Children's Fund (UNICEF), the Japan International Cooperation Agency (JICA), and the Health Sector Support Program – Second Phase (HSSP-2).

Additional information about the survey can be obtained from the National Institute of Statistics; 386 Monivong Boulevard, Sangkat Beong Keng Kang 1, Chamkar Mon, Phnom Penh, Cambodia; Telephone: (855) 23213650; E-mail: sythan@forum.org.kh; Internet: www.nis.gov.kh and the Directorate General for Health, Ministry of Health 151-153 Kampuchea Krom Boulevard, Phnom Penh, Cambodia; Telephone: (855) 23722873; E-mail: webmaster@moh.gov.kh; Internet: www.moh.gov.kh.

Additional information about the MEASURE DHS project can be obtained from ICF Macro, 11785 Beltsville Drive, Calverton, MD 20705 USA; Telephone: 301-572-0200, Fax: 301-572-0999, E-mail: info@measuredhs.com, Internet: <http://www.measuredhs.com>.

PREFACE

This report presents the preliminary findings from the 2010 Cambodia Demographic and Health Survey (CDHS). Survey findings will be used by policy makers to evaluate the demographic and health status of the Cambodian population in order to formulate appropriate population and health policies and programs in Cambodia. The forthcoming final report and summary report of the CDHS will contain more detailed findings.

This survey was sponsored by the United States Agency for International Development (USAID), the United Nations Population Fund (UNFPA), the United Nations Children's Fund (UNICEF), the Japan International Cooperation Agency (JICA), and the Health Sector Support Program – Second Phase (HSSP-2). Technical assistance was provided by ICF Macro through the Demographic and Health Surveys program (MEASURE DHS). The Directorate General for Health (DGH) of the Ministry of Health and the National Institute of Statistics (NIS) of the Ministry of Planning were the implementing agencies of the survey. The fieldwork for the CDHS took place for about six months from July 23, 2010 to January 20, 2011; and the data processing took place from August 26, 2010 to February 5, 2011.

The main objective of the 2010 CDHS was to obtain current information on demography, family planning, maternal mortality, infant and child mortality, and health related information such as breastfeeding, antenatal care, delivery, children's immunization, childhood diseases, and HIV/AIDS. In addition, the survey was designed to evaluate the nutritional status of mothers and children and to measure the prevalence of anemia.

We thank USAID, UNFPA, UNICEF, JICA, and HSSP-2 for financing the project. We gratefully acknowledge the support and encouragement extended by H.E. Prof. Eng Huot, Secretary of State, Ministry of Health, H.E. Ouk Chay, Secretary of State, Ministry of Planning, and other members of the Executive Committee and Technical Committee who contributed to the successful implementation of the survey.

We wish to express great appreciation of the work carried out by all persons involved in the CDHS and especially the NIS staff at the central and provincial offices and the DGH staff who worked with dedication and enthusiasm to make the survey a success.

Finally, we would like to express our special thanks to all the local authorities involved and all study participants who gave their valuable time to make this survey possible.

His Excellency San Sy Than
Director General
National Institute of Statistics

Professor Sann Chan Sœung
Deputy Director General for Health
Directorate General for Health
