*I say this to other women
“If you feel like you still can endure then endure,
otherwise find a way to live for yourself.
We should not be so afraid of the stigma of leaving husbands
that we bury ourselves in a prison.”*

*IDI27, Woman, aged 43, responding to qualitative survey
as part of the National Study on Violence against Women in Viet Nam 2019*

CONTENTS

| | |
|--|-----------|
| Foreword | 9 |
| Acknowledgements | 11 |
| Acronyms and abbreviations | 13 |
| Introduction | 15 |
| RESULTS | 23 |
| 1. Violence against women perpetrated by husband/partners | 23 |
| 2. Violence against women by others (non-husband/partners) | 26 |
| 3. Attitudes and perceptions about gender and husband/partner violence | 29 |
| 4. Consequences of husband/partner violence against women | 31 |
| 5. Violence against children, intergenerational aspects of violence | 34 |
| 6. Women's coping strategies and response to husband/partner violence | 35 |
| 7. Economic costs of violence against women | 37 |
| 8. Risk factors associated with husband/partner violence | 37 |
| 9. Comparison between 2010 and 2019 | 38 |
| 10. Conclusions and recommendations | 43 |

LIST OF TABLES AND FIGURES

| | |
|---|----|
| Table 1: Operational definitions of violence used in the 2010 and 2019 studies on violence against women in Viet Nam | 17 |
| <hr/> | |
| Figure 1: Illustration of the pictures used for anonymous disclosure of sexual abuse before the age of 15 | 20 |
| Figure 2: Prevalence of physical, sexual, emotional, and economic violence and controlling behaviours by husband/partner during lifetime and the last 12 months among ever-married/partnered women, Viet Nam 2019 (N=5,553) | 24 |
| Figure 3: Prevalence of physical and/or sexual violence by husband/partner during lifetime and in the last 12 months among ever-married/partnered women by age group, Viet Nam 2019 (N=5,553) | 25 |
| Figure 4: Prevalence of husband/partner violence during lifetime among ever-married/partnered women, by disability status, Viet Nam 2019 (N=5,553) | 25 |
| Figure 5: Overlap of the prevalence of physical, sexual and/or emotional husband/partner violence, Viet Nam 2019 (N=5,553) | 26 |
| Figure 6: Prevalence of physical violence by a non-husband/partner since age 15 and in the last 12 months among all women, by age, Viet Nam 2019 (N=5,976) | 27 |
| Figure 7: Prevalence of sexual violence by a non-husband/partner since age 15 and in the last 12 months among all women, by age, Viet Nam 2019 (N=5,976) | 27 |
| Figure 8: Prevalence of sexual harassment, among all women, Viet Nam 2019 (N=5,976) | 28 |
| Figure 9: Comparison of non-partner violence and violence by a husband/partner, since age 15, among all women, Viet Nam 2019 (N=5,976) | 29 |
| Figure 10: Proportion of all women who said they agree with specific statements on gender roles, by location, Viet Nam 2019 (N=5,976) | 29 |
| Figure 11: Proportion of all women who said they agree with the statement “a good wife obeys her husband even if she disagrees”, among all women by age group, Viet Nam 2019 (N=5,976) | 30 |
| Figure 12: Proportion of all women who said they agree with specific “good reasons” for a man to hit his wife/partner, Viet Nam 2019 (N=5,976) | 30 |
| Figure 13: Perceived triggers of physical husband/partner violence among ever-married/partnered women who experienced such violence, Viet Nam 2019 (N=1,471) | 31 |
| Figure 14: Mental health problems based on Kessler score, according to women’s experience of physical and/or sexual violence by husband/partner, Viet Nam 2019 (N=5,553) | 32 |

| | |
|---|----|
| Figure 15: Reproductive health outcomes disclosed by women, according to their experience of physical and/or sexual violence by husband/partner among those ever pregnant, Viet Nam 2019 (N=5,239) | 33 |
| Figure 16: Well-being of children aged 5-12 years, as disclosed by women with children in this age group, according to their experience of physical and/or sexual violence by husband/partner, Viet Nam 2019 (N=2,338) | 34 |
| Figure 17: Ever-married/partnered women disclosing violence against her mother, against her husband/partner's mother, against herself when she was a child and against her husband/partner when he was a child, according to experience of physical and/or sexual husband/partner violence, Viet Nam 2019 (N=5,553) | 35 |
| Figure 18: Percentage of women who were physically and/or sexually abused by a husband/partner in their lifetime who told no one, someone and/or a service about their experience of violence, Viet Nam 2019 (N=1,791) | 35 |
| Figure 19: Prevalence of physical, sexual, physical and/or sexual, emotional violence and controlling behaviour by husband/partner during lifetime and the last 12 months among ever-married/partnered women, with upper and lower 95% confidence intervals, Viet Nam 2010 (N=4,561, aged 18-60) and 2019 (N=5,553, aged 15-64) | 38 |
| Figure 20: Prevalence of physical violence by a husband/partner during lifetime, among ever-married/partnered women by age group, Viet Nam 2010 (N=4,561) and 2019 (N=5,553) | 39 |
| Figure 21: Prevalence of physical violence by husband/partner during last twelve months, among ever-married/partnered women by age group, Viet Nam 2010 (N=4,561) and 2019 (N=5,553) | 39 |
| Figure 22: Prevalence of sexual violence by a husband/partner during lifetime, among ever-married/partnered women by age group, Viet Nam 2010 (N=4,561) and 2019 (N=5,553) | 40 |
| Figure 23: Prevalence of sexual violence by a husband/partner during last 12 months, among ever-married/partnered women by age group, Viet Nam 2010 (N=4,561) and 2019 (N=5,553) | 40 |
| Figure 24: Prevalence of non-partner physical and sexual violence since age 15 and child sexual abuse (before age 15) among all women, Viet Nam 2010 (N=4,8368) and 2019 (N=5,976) | 41 |
| Figure 25. Proportion of all women who said they agree that "a good wife obeys her husband even if she disagrees" by age group, Viet Nam 2010 (N=4 836) and 2019 (N=5 976) | 42 |
