Publications of the World Health Organization are available on the WHO web site (www.who.int) or can be purchased from WHO Press, World Health Organization, 20 Avenue Appia, 1211 Geneva 27, Switzerland (tel.: +41 22 791 3264; fax: +41 22 791 4857; e-mail: bookorders@who.int). Requests for permission to reproduce or translate WHO publications – whether for sale or for non-commercial distribution – should be addressed to WHO Press through the WHO web site (www.who.int/about/licensing/copyright_form/en/index.html).

The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of the World Health Organization concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by the World Health Organization to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall the World Health Organization be liable for damages arising from its use.

WRA	Women of reproductive age

Acknowledgements

The framework for the MDSR technical guidance was developed by the MDSR Working Group and included representatives from the following agencies (alphabetically): Canadian Network for Maternal, Newborn & Child Health, International Federation of Gynecology and Obstetrics (FIGO), International Stillbirth Alliance (ISA), Department for International Development (DFID UK) (Evidence for Action (E4A)), United Nations Population Fund (UNFPA), United States Centers for Disease Control and Prevention (CDC), and the World Health Organization (WHO).

Isabella Danel, Diane Morof and Florina Serbanescu (CDC) prepared the initial draft of and subsequent revisions to this technical guidance. Substantial input was provided by Cindy Berg (CDC), Wendy J Graham (University of Aberdeen and E4A) and Louise Hulton (E4A), Hamid Rushwan and David Taylor (FIGO), and Sennen Hounton, Luc de Bernis, Yves Bergevin, Edilberto Loaiza, and Mauricio Saavedra (UNFPA). WHO staff contributing to the document were Matthews Mathai, Elizabeth Mason, Maurice Bucagu, Doris Chou, Narimah Awini, Bremen De Mucio, Ardi Kaptiningsih, Gunta Lazdane and Ramez Mahaini.
