**T**his report has been prepared as a part of the 2021 VNR on the progress and achievement of the nine SDGs Goals, Goal 1, 2, 8, 10, 12, 13, 16 and Goal 17. We thank Bappenas and SDGs Secretariat, in particular Dr. Subandi Sardjoko, Deputy for Human Development and Culture and Ibu Ms. Woro Srihastuti Sulistyaningrum S.T., MIDS, Director for Family, Women, Children, Youth and Sports who put high concern on the inclusion of older persons in the SDGs Goals. It is highly important and timely as Indonesia is on the threshold of aging society which will bring social, health, economic, and political effects on people's lives, not only on the older persons, but also the family and the government. Inputs and advices from colleagues at the Ministry of Health Sub Directorate of Healthy Aging, and from the Ministry of Social Affairs Directorate of Rehabilitation on Aging issues, enrich this report.

We also grateful to friends at the BPS Statistics Indonesia related to access of relevant data and consultation about the reliability and validity of statistics. Especially we are grateful to Ms. Sri Soelistyowati M.A., former Deputy Chief Statistician for National Account and Statistical Analysis; Dr. Ali Said, M.A., Director of Analysis and Statistical Development. Special thanks go to Dr. Windhiharso P.A. Putranto, Deputy Director for Indicator Statistics and team for their invaluable inputs regarding data on the impact of COVID-19 on older persons. Million thanks go to Mr. Gantjang Amanullah M.A., Former Director of Welfare Statistics at BPS, for fruitful discussions on SDGs Indicators.

This study is not possible without the support and advice from UNDP, UNCR, UNFPA (Indonesia country office), with special thanks to Ms. Anjali Sen, the UNFPA Indonesia representative. Many thanks go to Pak Richard, Dikot, Bu Imma and Jumita, for your invaluable inputs, your leadership and advice and facilitation are well appreciated. From Knowledge Hub KRI, thanks to Prof. Budi Utomo, for your leadership and coordination, and to Bu Nohan, Bu Restu, thanks a million for facilitating this work.

Many thanks are to friends from Lembaga Demografi Faculty of Economics and Business Universitas Indonesia for discussions related to SDGs' targets and indicators; to my partner who worked on the inclusion on aging issues, Ms. Elda Luciana Pardede M.Sc., Ph.D. candidate of Department of Demography, Faculty of Spatial Sciences University of Groningen, and Faizal Moeis, research assistant who is very smart in developing poverty rates for older persons and deprivation of basic services. Your helps are most appreciated.
