TENURE-RESPONSIVE LAND USE PLANNING

A PRACTICAL GUIDE FOR COUNTRY-LEVEL INTERVENTION

CONTENTS

ACRONYMS AND ABBREVIATIONS	VI
ACKNOWLEDGEMENTS	VII
PREFACE	VIII
 PART 1: UNDERSTANDING TENURE-RESPONSIVE LAND USE PLANNING	1-3
A. What is tenure-responsive land use planning?	2
B. Why tenure-responsive land use planning?	2
C. Purpose and target audience of the Practical Guide	3
D. Content of the Practical Guide	3
 PART 2: THEORY OF CHANGE FOR IMPLEMENTING TENURE-RESPONSIVE LAND USE PLANNING INITIATIVES AT THE COUNTRY LEVEL	4-6
 PART 3: QUESTIONS TO ASK AND ACTIONS TO TAKE TO ENSURE THAT LAND USE PLANNING IS TENURE-RESPONSIVE	7-16
A. Directly promoting tenure security	8
B. Raising awareness of participation to secure tenure	9
C. Creating land dispute resolution mechanisms	11
D. Ensuring gender responsiveness	12
E. Enumeration, mapping and documentation	14
F. Cross-cutting issues such as capacity development, learning and awareness building	15
 PART 4: STEP-BY-STEP PROCESS TO IMPLEMENT TENURE-RESPONSIVE LAND USE PLANNING AT COUNTRY LEVEL	17-29
A. Pre-project preparations	20
B. Initiating the tenure-responsive land use planning process at local (community) level	20
C. Setting the objectives of tenure responsive land use planning	21
D. Collecting and analysing data for tenure-responsive land use planning	22
E. Formulating agreements and documenting the tenure-responsive land use planning process	26
F. Preparing or drafting the tenure-responsive land use plan	26
G. Seeking approval from the relevant authorities (including traditional authorities)	27
H. Implementing the approved tenure-responsive land use planning	29
I. Monitoring and evaluating the implementation of tenure-responsive land use planning	29
 PART 5: ENTRY POINTS FOR TENURE-RESPONSIVE LAND USE PLANNING IN GLTN COUNTRY-LEVEL INTERVENTIONS	30-36
A. Conduct preliminary country-level entry points assessment	32
B. Opportunities to link tenure-responsive land use planning with GLTN interventions at the local level	32
C. Identify potential entry points at different levels in a country	32
D. Ensure that tenure-responsive land use planning balances top-down and bottom-up approaches	33
E. Need to integrate land use planning into policies	33

CONTENTS

PART 6: IMPLEMENTING TENURE-RESPONSIVE LAND USE PLANNING WITH OTHER TOOLS: ISSUES TO CONSIDER.....37-41

- A. Human capacities for implementing tenure-responsive land use planning with other tools 39
- B. Timeline for the tenure-responsive land use planning process 39
- C. Possibility of linking tenure security with the planning process 40
- D. Management of disputes and conflicts inherent in land use planning 40
- E. Factors that may influence the implementation of tenure-responsive
land use planning with other tools 40

PART 7: IMPLEMENTING TENURE-RESPONSIVE LAND USE PLANNING WITH OTHER TOOLS: PROCESS AND ENTRY POINTS42-47

- A. Participatory enumerations as an entry point for tenure-responsive land use planning 43
- B. Incorporating STDM in tenure-responsive land use planning through the enumeration process 44
- C. Incorporating youth and gender tools in tenure-responsive land use planning through
the enumeration process 45
- D. Steps in implementation of tenure-responsive land use planning with participatory enumeration .. 45

PART 8: URBAN AND RURAL CONTEXTS WHEN APPLYING TENURE-RESPONSIVE LAND USE PLANNING IN COUNTRY-LEVEL INTERVENTIONS48-53

- A. Applying tenure-responsive land use planning to urban and rural areas: cross-cutting issues 49
- B. Rural dimension of implementing tenure-responsive land use planning 51
- C. Urban perspective of tenure-responsive land use planning implementation 51
- D. Peri-urban perspective of tenure-responsive land use planning implementation 53

PART 9: TENURE-RESPONSIVE LAND USE PLANNING AND RELATED COUNTRY CASE STUDIES.....54

- A. Participatory slum development plan for Kisenyi, Uganda 55
 - 1. Kisenyi slum and the objective of the project 55
 - 2. Implementing partners and their roles 55
 - 3. Key implementation activities 56
 - 4. Major outcomes and impacts 57
 - 5. Challenges and lessons learned 57
- B. Participatory data-gathering for evidence-based planning in Muntinlupa City, the Philippines. 57
 - 1. Muntinlupa City and the objective of the project 57
 - 2. Implementing partners and their roles 58
 - 3. Key implementation activities 58
 - 4. Major outcomes and impacts 59
 - 5. Challenges and lessons learned 60

CONTENTS

PART 10: IMPLEMENTING TENURE-RESPONSIVE LAND USE PLANNING IN CHALLENGING SITUATIONS	61
A. There is no planning law or land use planning is challenging to implement	62
B. Connecting land use planning to community and area-based projects	63
C. Applying land-based financing to tenure-responsive land use planning	65
PART 11: SUMMARY	66-67
PART 12: CONCLUSIONS	68-69
REFERENCES	70

LIST OF TABLES, FIGURES AND BOXES

Tables

1. How to ensure that tenure security conditions are created or maintained during land use planning	9
2. How to raise awareness of participation (negotiation and consultation) for tenure security in land use planning	10
3. How to ensure that land dispute resolution mechanisms lead to tenure responsiveness in land use planning	11
4. How to enable gender issues to inform tenure security in a land use planning process	12
5. How to ensure that enumeration, mapping and documentation enable tenure security in a land use planning process	14
6. How to ensure that capacity development leads to tenure security in land use planning	15
7. GLTN land tools and their role in a tenure-responsive land use planning implementation process.....	36
8. Examples of unique challenges in rural, urban and peri-urban areas and opportunities to address them using tenure-responsive land use planning.....	50

CONTENTS

Figures

1. Theory of change for implementation of tenure-responsive land use planning through GLTN.....6
2. Significant steps involved in the implementation of tenure-responsive land use planning 19
3. Examples of entry points for mainstreaming tenure-responsive land use planning in GLTN country interventions at different governance levels31
4. Points of implementation of tenure-responsive land use planning with participatory enumeration.....46
5. Connecting land use planning to community or area-based projects (areas of complementarity)64

Boxes

1. What is land use planning? What is land tenure security? Where can I read about them? 2
2. Understanding the planning system and levels of planning in a country 16
3. Who is a stakeholder? How is a stakeholder an important entry point?22
4. Participatory mapping23
5. Some important data collection methods for tenure-responsive land use planning24
6. Types of data and data analytical methods for tenure-responsive land use planning.....25
7. Who implements tenure-responsive land use planning?28
8. Key entry points for tenure-responsive land use planning irrespective of level or sectors34
9. Preconditions for implementing tenure-responsive land use planning with other tools38
10. Combining participatory enumeration, STDM and tenure-responsive land use planning44
11. Why does GLTN apply tenure-responsive land use planning to rural, urban and peri-urban development in its country-level work?.....52
12. Any community or area-based projects that allow land decisions can be connected to land use planning64

ACRONYMS AND ABBREVIATIONS

ANGOC	Asian Non-Governmental Organization Coalition for Agrarian Reform and Rural Development
FAO	Food and Agriculture Organization of the United Nations
GIS	Geographic Information System
GIZ	Deutsche Gesellschaft für Internationale Zusammenarbeit GmbH (German Agency for International Cooperation)
GLTN	Global Land Tool Network
HPFPI	Homeless People's Federation Philippines Inc.
NGO	Non-governmental organization
PAFID	Philippine Association for Intercultural Development
STDM	Social Tenure Domain Model
TAMPEI	Technical Assistance Movement for People and Environment Inc.
UN-Habitat	United Nations Human Settlements Programme
VGGT	Voluntary Guidelines on the Responsible Governance of Tenure of Land, Fisheries and Forests in the Context of National Food Security
