Section 01

Introduction

The United Nations Human Settlements Programme (UN-Habitat) is the United Nations agency mandated to support sustainable urbanization across the globe. Headquartered in Nairobi, the organization has ongoing projects and activities in all major regions of the world. This Catalogue of Services provides a sampling of how UN-Habitat can support national and local governments, partners and stakeholders to address their development challenges and advance sustainable and inclusive urban development using UN-Habitat's services, expertise and tools.

The context for this Catalogue

Sustainable urbanization has the potential to be a transformer - already demonstrating that they are on the frontline of
