ANNUAL REPORT 2018

UNIDO ITPO Shanghai

Message from Head

Ms. Xiaolei ZHAO
Head of ITPO Shanghai

——荀子《劝学篇》

不积跬步，
无以至千里；
不积小流，
无以成江海。

Dear friends and colleagues,

The Year of 2018 marks the 18th year of UNIDO ITPO Shanghai, and also unfolds a new chapter for ITPO Shanghai in the sense that it is operated by a new team, a team eager for learning, happy for joining, ready for working, and grateful for achieving.

Committed to achieving an inclusive and sustainable development, ITPO Shanghai provides value-added advisory services to business development organizations, local governments, and investment promotion agencies in China to promote inbound and outbound investment, and to enhance technical skills. In addition, by organizing various study tours, trainings, global forums, and events, ITPO Shanghai specially focuses on issues related to SDG8 (Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all), SDG9 (Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation), and SDG17 (Strengthen the means of implementation and revitalize the global partnership for sustainable development).

To empower public and private sectors with UNIDO's vision of ISID, ITPO Shanghai establishes its new premises -- "Center of Excellence", whereby our partners and stakeholders will get together to exchange ideas on how to foster innovation and promote industry transformation so as to achieve a high-quality, namely inclusive and sustainable, development.

In November, Chinese President Xi Jinping announced the national strategy of Yangtze River Delta (YRD) Integration Plan during his opening remark at the first Chinese International Import Expo, and the key to the plan is to ensure that the YRD region should follow a high-quality development path. This is exactly what UNIDO cherishes, that is, to strive for an inclusive and sustainable development. To this end, in the year of 2019, ITPO Shanghai will spare no effort in assisting the YRD region with UNIDO's know-how and experiences during its endeavor for a high-quality development. It is our mission, and also our obligation.

Meanwhile, ITPO Shanghai will continue to promote investments and cross border cooperation under the Belt-and-Road Initiative, and make due contributions to facilitate technology transfer.

None achievement could be made possible without strong and continuous support from UNIDO HQ and especially ITPO Network. On behalf of ITPO Shanghai, I would like to take this opportunity to express my heart-felt gratitude to all colleagues from UNIDO HQ, for your great support and facilitation, to me, and to the whole ITPO team. Of course, my special thanks also go to my team of ITPO Shanghai, a team that I am so proud of, for their passion, devotion to their undertakings, extremely hard working and praiseworthy team spirit.

As the ancient saying goes in China, "The longest journey starts with single steps and the sea is made up of tiny streams."(from Xunzi, Quan Xue)

Let's think globally and act locally.

Xiaolei ZHAO
Head of UNIDO ITPO Shanghai

About UNIDO & ITPO Shanghai

Mr. Yong Li
Director General of UNIDO

UNIDO is the specialized agency of the United Nations that promotes industrial development for poverty reduction, inclusive globalization and environmental sustainability.

As of 17 May 2018, 168 States are Members of UNIDO. They regularly discuss and decide UNIDO's guiding principles and policies in the sessions of the Policymaking Organs.

The mission of the United Nations Industrial Development Organization (UNIDO), as described in the *Lima Declaration* adopted at the fifteenth session of the UNIDO General Conference in 2013, is to promote and accelerate inclusive and sustainable industrial development (ISID) in Member States.

The relevance of ISID as an integrated approach to all three pillars of sustainable development is recognized by the 2030 Agenda for Sustainable Development and the related Sustainable Development Goals (SDGs), which will frame United Nations and country efforts towards sustainable development in the next fifteen years. UNIDO's mandate is fully recognized in SDG-9, which calls to "Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation". The relevance of ISID, however, applies in greater or lesser extent to all SDGs.

Accordingly, the Organization's programmatic focus is structured, as detailed in the Organization's Medium-Term Programme Framework 2018-2021, in four strategic priorities:

- Creating shared prosperity**
- Advancing economic competitiveness**
- Safeguarding the environment**
- Strengthening knowledge and institutions**

Each of these programmatic fields of activity contains a number of individual programmes, which are implemented in a holistic manner to achieve effective outcomes and impacts through UNIDO's four enabling functions: (i) technical cooperation; (ii) analytical and research functions and policy advisory services; (iii) normative functions and standards and quality-related activities; and (iv) convening and partnerships for knowledge transfer, networking and industrial cooperation.

In carrying out the core requirements of its mission, UNIDO has considerably increased its technical services over the past ten years. At the same time, it has also substantially increased its mobilization of financial resources, testifying to the growing international recognition of the Organization as an effective provider of catalytic industrial development services.

In 1986, UNIDO introduced the very first Investment Promotion Services, which would become the UNIDO Network of Investment and Technology Promotion Offices (ITPOs). Since then, the UNIDO ITPOs have contributed to reducing development imbalances, by brokering investment and technology agreements between developed, developing countries and countries with economies in transition. Located in both hemispheres, the specialized network of UNIDO ITPOs opens up opportunities for investors and technology suppliers to find potential partners and offers unique services to both entrepreneurs and business institutions.

Providing professional support to enterprises for partnership and business negotiations

ITPOs guide potential investors from their host countries and from developing countries at each stage of the investment cycle, from project identification through appraisal to implementation. In doing so, ITPOs offer a full package of up-to-date information on screened and validated investment opportunities, including manufacturing facilities, and technology supply sources. ITPOs also provide first-hand knowledge on how to do business in local environments, including legal and economic aspects.

Operating the Delegate programme for investment and technology promotion

Within this programme, ITPOs host officials from developing countries and economies in transition to give them hands-on training in investment promotion techniques so that delegates are able to promote portfolios of screened investment and technology opportunities from their own countries. Thereafter, delegates act as contact points between their countries and potential foreign partners.

ITPOs benefit from intra-organizational linkages with other UNIDO's worldwide Networks including the UNIDO International Technology Centers (ITCs), the Subcontracting and Partnership Exchanges (SPXs), the numerous Export Consortia and the joint UNIDO/UNEP National Cleaner Production Centers (NCPCs); therefore providing value-added services to clients and partners.

About UNIDO & ITPO Shanghai

ITPO Shanghai

DG Visited Center of Excellence and met with ITPO Shanghai Staffs

At a Glance

Established in August 2001 under an agreement between the Shanghai Municipal People's Government, MOFCOM of China and UNIDO.

Our mission is to both inward and outward investment and technology transfer, and to achieve an inclusive and sustainable development.

Highlights & Achievements

Following the Sustainable Development Goals (SDGs) which constitute the core of the 2030 Agenda, UNIDO ITPO Shanghai mainly strived on Industry, Innovation and Infrastructure (SDG 9), Decent Work and Economic Growth (SDG 8), and Partnerships for the Goals (SDG 17).

To Achieve these goals, ITPO Shanghai focus on facilitating mutual investment on both way, promoting high and new technology innovation and transfer, supporting youth and female entrepreneurs to start up businesses, and accelerating implementation of sustainable development industry.

As a result of an extended international and national promotion and outreach, our office organized, co-organized, or participated 80 important events at home and abroad.

Country Presentations / Forums / Seminars/ Study Tours Organized or Co-organized by ITPO Shanghai in 2018

Date	Event	Related Countries	Type of Event	Number of Participants
March 19-28	Nigerian Study Tour on the Cotton, Textile and Garment Sector	Nigerian/China	Study Tour (Organizer)	7
April 18	Final Conference of Fostering Inclusive and Sustainable Industrial Development (ISID) in the New Silk Road Economic Belt: Leveraging Potentials of Industrial Parks, Zones and Cities	China	High Level Forum (Organizer)	300
April 18-19	Mission of Central Asian Countries on NSREB	Kazakhstan/Kyrgyzstan/Tajikistan/Uzbekistan/Azerbaijan/China	Study Tour and Seminar (Organizer)	50
April 20	UNIDO Day: Belt and Road: Cross-border Cooperation Forum	Germany/UK/Germany/US/China	High Level Forum (Organizer)	300
April 20	Bridge for Cities--Shanghai Roadshow	China	Roadshow (Organizer)	300
July 3	Study Tour of Indian Bicycle Industry	India/China	Study Tour (Organizer)	10
September 17-21	Cambodia Delegate Program	Cambodia/China	Delegate Program (Organizer)	2
