Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <https://www.who.int/copyright>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Contents

Acknowledgements	v
Abbreviations	vi
Executive summary	vii
1. Overview	1
2. Health and AMR in Burkina Faso	1
3. Status of NAP on AMR	2
4. AMR governance and coordination mechanisms	3
5. AMR awareness and knowledge	5
6. Surveillance, laboratory and diagnostic capacity	6
7. IPC, WASH and immunization	7
8. Access and optimal use of antimicrobials	8
9. Research and development	9
10. Key findings to accelerate NAP on AMR implementation	10

Acknowledgements

This publication was prepared by Erta Kalanxhi, Jessica Craig, Jyoti Joshi, Max van Wijk and Soe Yu Naing, Center for Disease Dynamics, Economics & Policy (CDDEP) - World Health Organization (WHO) Collaborating Centre for Antimicrobial resistance, together with Sandrine Gampini (WHO, Burkina Faso), Walter Fuller and Laetitia Gahimbare (WHO, Regional Office for Africa), Sarah Paulin, Breeda Hickey and Anand Balachandran (WHO, headquarters).

WHO thanks the following individuals for their contributions:

- Ruth Sawadogo (Market Surveillance and Quality Control of Health Products, Burkina Faso),
- Félicité Nana (Quality Care and Patient Safety, Burkina Faso),
- Zackaria Gansané (Burkinabe Observatory for Quality and Safety of Care, Burkina Faso),
- Rasmata Ouédraogo (AMR Committee, Burkina Faso)

Abbreviations

AMC	antimicrobial consumption
AMR	antimicrobial resistance
AMS	antimicrobial stewardship
AMU	antimicrobial use
AST	antimicrobial susceptibility testing
DHIS 2	District Health Information System 2
GLASS	Global Antimicrobial Resistance Surveillance System
HAI	hospital-acquired infection
IPC	infection prevention and control
KIIs	key informant interviews
M&E	monitoring and evaluation
NAP	national action plan
NRL	national reference laboratory
TrACSS	Tripartite AMR Country Self-Assessment Survey
WAAW	World Antimicrobial Awareness Week
WASH	water, sanitation and hygiene
WHO	World Health Organization
