Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO or ILO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO or ILO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO and ILO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO or ILO be liable for damages arising from its use.

ACKNOWLEDGEMENTS

This report presents the data sources and methods of the World Health Organization/International Labour Organization Joint Estimates of the Work-related Burden of Disease and Injury (WHO/ILO Joint Estimates).

The WHO/ILO Joint Estimates were produced by Frank Pega (WHO), Natalie Momen (WHO), Kai Streicher (WHO) and Bálint Náfrádi (ILO).

Frank Pega and Natalie Momen were the lead writers of this report; the drafting team also included Subas Neupane (WHO), Yuka Ujita (ILO), Bálint Náfrádi and Halim Hamzaoui (ILO). Bochen Cao (WHO), Ahmadreza Hosseinpour (WHO), Kathleen Krupinski (WHO), Franklin Muchiri (ILO) and Annette Prüss-Üstün (WHO) also provided valuable technical inputs to this report.

Frank Pega also coordinated the development and production of the WHO/ILO Joint Estimates and this report; the ILO focal point was Yuka Ujita and then Halim Hamzaoui. Maria Neira (WHO) and Vera Paquete-Perdigão (ILO) provided overall guidance.

The National Institute of Occupational Health and Poison Control, Chinese Center for Disease Control and Prevention shared survey data on exposure to long working hours for the People's Republic of China. Eurostat produced and shared the transition probabilities for exposure to long working hours for 27 countries in the European Region.

Financial support for the preparation of this publication was provided by the United States Centers for Disease Control and Prevention National Institute for Occupational Safety and Health through its cooperative agreement with WHO (grant nos 1E11 0H0010676-02, 6NE110H010461-02-01 and 5NE110H010461-03-00); the German Federal Ministry of Health (BMG Germany) under the BMG–WHO Collaborative Programme 2020–2023 (WHO specified award reference 70672); and the Spanish Agency for International Cooperation (AECID) (WHO specified award reference 71208). The European Union also provided financial support to the ILO through the Vision Zero Fund (VZF) project on filling data and knowledge gaps on occupational safety and health in global supply chains, implemented within the framework of the ILO Flagship Programme “Safety + Health for All”.

The contents of this publication are solely the responsibility of WHO and the ILO, and they do not necessarily represent the official views of any of the WHO or ILO donors mentioned above.

LIST OF ABBREVIATIONS

CI	confidence interval
CRA	Comparative Risk Assessment
DALY	disability-adjusted life year
GATHER	Guidelines for accurate and transparent health estimates reporting
ILO	International Labour Organization
SDG	Sustainable Development Goal
UN	United Nations
UR	uncertainty range
WHO	World Health Organization
