Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

ACKNOWLEDGEMENTS

This document is the product of a collaborative process led by the Department of Health Systems Governance and Financing at WHO headquarters in Geneva, Switzerland. The contents of this document build directly from the special issue of Health Systems Governance and Financing on Financing common goods for health, published in December 2019.¹ Acknowledgements are due to all those who contributed to the development and review of this document. Special thanks are due to the Financing Common Goods for Health technical expert group, whose inputs and in-depth engagement throughout 2018 and 2019 were critical in defining and setting the boundaries of common goods for health, in particular Abdo Yazbeck's efforts to initiate this programme of work.

The document was prepared by Alexandra Earle, Susan Sparkes, Agnès Soucat and Joseph Kutzin. External reviewers included David Coady (International Monetary Fund, Washington, United States of America), Carlos Corvalan (University of Sydney, Sydney, Australia), Sylvestre Gaudin (Independent Consultant), Odd Hanssen (Independent Consultant) and Peter Smith (Imperial College of London, London, United Kingdom of Great Britain and Northern Ireland). WHO reviewers included Jonathan Abrahams, Pedro Alonso, Avni Amin, Ian Askew, Anshu Banerjee, James Campbell, Stella Chungong, David Clarke, Giorgio Cometto, Amalia Del Riego, Helga Fogstad, Ines Garcia Baena, Veloshnee Govender, Andre Griekspoor, Qudsia Huda, Tereza Kasaeva, Ruediger Krech, Benjamin Lane, Etienne Langlois, Awad Mataria, Inke Mathauer, Bruno Meesen, Andrew Mirelman, Maria Neira, Nobuyuki Nishikiori, Katherine O'Brien, Abbas Omaar, Marina Plesons, Alastair Robb, Benjamin Rouffy-Ly, Sohel Saikat, Lale Say, Renee Van de Weerd, Nathalie Vande Maele, Zandile Zibwowa and Pascal Zurn.

The financial support provided by the Ministry of Social Affairs and Health of Finland for the initial meetings of the expert group is gratefully acknowledged.
