CELEBRATING
10 YEARS

“The **achievements** of the Every Woman Every Child movement in the past 10 years have been outstanding in terms of **mobilizing action** to generate greater investment in and to deliver services for the health and rights of more and more women, children and adolescents. Through **active promotion** of the EWEC framework – survive, thrive and transform – EWEC plays a central role in **maintaining momentum** towards the achievement of the Sustainable Development Goals, and ultimately towards securing gender equality and human rights. As the world faces multiple crises that threaten this important progress, now more than ever, partners need to **recommit** to the EWEC agenda and prioritize attention to ensuring the **health, lives** and **rights** of all women, children and adolescents.”

“The work of the Every Woman
Every Child movement to realize
gender equality through improving
the health of women, girls and
adolescents everywhere has been
groundbreaking. Women, girls and
adolescents have the human right to
health, and improving their health is key
to achieving sustainable development by
2030. Improved health and gender equality
