Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

This publication contains the views of participants in WHO Clinical Consortium on Healthy Ageing 2019 meeting and do not necessarily represent the decisions or policies of WHO.

5 Cognitive decline across the life course	13	Closure of the meeting.....	31
Cognitive decline across the life course.....	13	Annex 1. Meeting programme and list of participants	33
Report on cognitive reserve working group.....	13		
Digital monitoring of cognitive decline.....	14		
Voice recognition system to detect cognitive decline.....	14		

Acknowledgements

The World Health Organization (WHO), Department of Maternal, Newborn, Child & Adolescent Health & Ageing (MCA), Ageing and Health (AAH) unit would like to extend its warmest thanks to everyone who attended the meeting in Geneva and provided their invaluable, rich contribution to the work of the Consortium (see Annex 1 for the full list of participants). It would also like to acknowledge all the partners involved in the refinement of the tool including Steering Committee members, over 45 research institutes/universities and 22 WHO staff from five regions.

WHO gratefully acknowledges the in-kind support of the WHO Collaborating Centre for Frailty, Clinical Research and Geriatric Training, G rontop le – Toulouse University Hospital; WHO Collaborating Centre for Public Health Aspects of Musculo-skeletal Health and Ageing, University of Li ge; the Government of Japan: the Government of Germany; and the Kanagawa Prefecture Government.

Finally, we wish to thank Liying Huang (Department of MCA) and Constance de Seynes (WHO Collaborating Centre for Frailty, Clinical Research and Geriatric Training, G rontop le – Toulouse University Hospital) for their administrative support.

This report was written and edited by Further Consulting, with technical inputs from Yuka Sumi from the WHO Department of MCA.

Abbreviations

AI	artificial intelligence
App	(software) application
BMI	body mass index
CCHA	Clinical Consortium on Healthy Ageing
CGA	comprehensive geriatric assessment
GMB	gut microbiota
HFRS	hospital frailty risk scores
IAGG	International Association of Gerontology and Geriatrics
IC	intrinsic capacity
ICD	International Classification of Diseases
ICOPE	integrated care for older people
ILDS	International League of Dermatological Societies
MCA	Department of Maternal, Newborn, Child & Adolescent Health & Ageing
NCD	noncommunicable disease
NPHCE	National Program for Health Care of the Elderly
RCT	randomized controlled trial
SDG	Sustainable Development Goal
UHC	universal health coverage
WHO	World Health Organization
