Sales, rights and licensing. To purchase WHO publications, see <http://apps.who.int/bookorders>. To submit requests for commercial use and queries on rights and licensing, see <http://www.who.int/about/licensing>.

Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Acronyms	X
INTRODUCTION	1
What the <i>SCORE for Health Data Technical Package</i> includes	3
The <i>SCORE Tools and Standards</i> resource	4
SURVEY POPULATIONS AND HEALTH RISKS	5
System of regular population-based health surveys.....	6
Bloomberg Philanthropies Data for Health initiative - Noncommunicable Diseases (NCD) Mobile Phone Survey	6
World Health Survey Plus (WHS+)	7
International Household Survey Network (IHSN) resources	8
WHO STEPwise approach to noncommunicable disease risk factor Surveillance (STEPS)	9
Multiple Indicator Cluster Survey 6 (MICS6).....	9
Demographic and Health Surveys Program (DHS).....	10
WHO Study on Global AGEing and Adult Health (SAGE)	11
Living Standards Measurement Study (LSMS).....	12
Surveillance of public health threats	13
World Health Organization (WHO) Health Emergency Dashboard.....	13
Early Warning, Alert and Response System (EWARS)	14
State Party self-assessment Annual Reporting (SPAR) tool – I International Health Regulations (2005)	14
Joint External Evaluation tool: International Health Regulations as part of the IHR (2005) monitoring and evaluation framework.....	15
Go.Data Managing complex data in outbreaks.....	16
Early detection, assessment and response to acute public health events: implementation of early warning and response with a focus on event-based surveillance.....	17
Outbreak surveillance and response in humanitarian emergencies	18
Regular population census	19
United Nations principles and recommendations for population and housing censuses, Revision 3.....	19
United Nations handbook on the management of population and housing censuses, Revision 2	20

COUNT BIRTHS, DEATHS AND CAUSES OF DEATH 21

Full birth and death registration 22

The 'Ten CRVS Milestones' framework for understanding civil registration and vital statistics systems	22
Handbook on civil registration and vital statistics systems: management, operations, maintenance, Revision 1	23
CRVS Knowledge Gateway Learning Centre	24
CRVS eLearning course	24
Civil registration and vital statistics legal and regulatory review: tool and methodology	25
Training course on civil registration and vital statistics systems	26
United Nations principles and recommendations for a vital statistics system, Revision 3	27
Improving mortality statistics through civil registration and vital statistics systems: strategies for country and partner support	28
Strengthening civil registration and vital statistics for births, deaths and causes of death: resource kit	28
Rapid assessment of national civil registration and vital statistics systems	29
Improving the quality and use of birth, death and cause-of-death information: guidance for a standards-based review of country practices	30

Certification and reporting of causes of death 31

Global COVID-19 weekly mortality data entry platform	31
Revealing the toll of COVID-19: A technical package for rapid mortality surveillance and epidemic response	32
CRVS Gateway – Resources for responding to COVID-19	33
EuroMOMO: European Mortality Monitoring Activity	34
ICD-11 Coding tool	34
ICD-11 Reference guide, and ICD-10 Volume 2	35
ICD-11 Application Programming Interface (API) and Embedded Coding Tool (ECT) based cause-of-death app in DHIS-2	36
ICD-11 based automated UCoD tool	36
ICD-FIT coding training and self-evaluation tool – Mortality module	37
ICD-11 Training tool and WHO Academy course	38
WHO Application of ICD-10 for low-resource settings initial cause-of-death collection: the Start-up Mortality List (ICD-10-SMoL)	39
Analysing mortality levels and causes of death (ANACoD)	40
Analysing mortality levels and causes of death (ANACONDA)	40
Integrating community-based verbal autopsy into civil registration and vital statistics	41
IRIS automated coding system for causes of death	42
SmartVA-Analyze Application	43

Verbal autopsy standards: the 2016 WHO verbal autopsy instrument.....	44
Performing basic checks on cause-of-death data (CoDEdit)	45
Maternal death surveillance and response technical guidance: information for action to prevent maternal death	45
INDEPTH resource kit for demographic surveillance systems	46

OPTIMIZE HEALTH SERVICE DATA..... 49

Routine facility reporting system with patient and community monitoring	50
International Classification of Health Interventions (ICHI)	50
ICHI Training course	51
ICD-FIT coding training and self-evaluation tool – Morbidity module.....	51
Analysis and use of health facility data.....	52
Master facility list (MFL) resource package: guidance for countries wanting to strengthen their MFL.....	53
Digital Health Package for DHIS2	54
DHIS2 – a Digital Tool for WHO RHIS standards	55
Routine Health Information Systems (RHIS) rapid assessment tool	56
Performance of Routine Information System Management (PRISM)	57
Routine Health Information Systems (RHIS): a curriculum on basic concepts and practice.....	58
Data quality review (DQR): a toolkit for facility data quality assessment	59
Guidance on unique identifiers for patient monitoring	60
Planning and developing population-based cancer registries in low- and middle-income settings	61
International Classification of Functioning, Disability and Health (ICF)	62
ICF eLearning tool.....	62
ICD-11 Functioning section including WHO Disability Assessment Schedule (WHO DAS 2.0).....	63
Regular system to monitor service availability, quality and effectiveness.....	64
Standardized health facility survey tools – modular approach to health facility assessments.....	64
