Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Annex 4. Evidence-to-decision framework	24

Acknowledgements

The Department of Sexual and Reproductive Health and Research, the Department of Maternal, Newborn, Child and Adolescent Health and Ageing, and the Department of Nutrition and Food Safety of the World Health Organization (WHO) gratefully acknowledge the contributions of many individuals and organizations to the updating of this recommendation. Work on this update was coordinated by Joshua Vogel, Abiodun Adanikin and Olufemi Oladapo of the WHO Department of Sexual and Reproductive Health and Research.

WHO extends its sincere thanks to Ebum Adejuyigbe, Shabina Ariff, Jemima Dennis-Antwi, Luz Maria De-Regil, Christine East, Lynn Freedman, Pisake Lumbiganon, Anita Maepioh, Shireen Meher, James Neilson, Hiromi Obara, Cristina Palacios, Rachel Plachcinski, Zahida Qureshi, Kathleen Rasmussen, Niveen Abu Rmeileh and Eleni Tsigas who served as members of the Guideline Development Group (GDG), and to Zahida Qureshi (Chair) and James Neilson (Vice-Chair) for leading the meeting. We also thank Caroline Homer, Hadiza Galadanci, Jashodhara Gupta, Jack Moodley, M Jeeva Sankar, Shakila Thangaratinam, Saraswathi Vedam and Hayfaa Wahabi who were members of the External Review Group. WHO also gratefully acknowledges the contribution of the members of the Executive Guideline Steering Group.

Leanne Jones, Frances Kellie and Myfanwy Williams reviewed the scientific evidence, prepared the Grading of Recommendations Assessment, Development and Evaluation (GRADE) tables and drafted the narrative summary of evidence. Joshua Vogel, Abiodun Adanikin and Olufemi Oladapo revised the narrative summaries and double-checked the corresponding GRADE tables and prepared the evidence-to-decision (EtD) frameworks. Abiodun Adanikin, Fernando Althabe, Ana Pilar Betrán, Mercedes Bonet, Maurice Bucagu, Fran McConville, Olufemi Oladapo, Juan Pablo Peña-Rosas, Anayda Portela, Lisa Rogers, Özge Tuncalp and Joshua Vogel commented on a preliminary draft document before discussions and deliberations by the WHO Guideline Development Group members. The External Review Group peer reviewed the final document prior to executive clearance by WHO and publication.

We acknowledge the various organizations that were represented by observers, including Deborah Armbruster and Mary-Ellen Stanton (United States Agency for International Development), Kathleen Hill (Maternal and Child Survival Program/Jhpiego), Jeff Smith (Bill & Melinda Gates Foundation), Ingela Wiklund (International Confederation of Midwives), Gerard Visser (International Federation of Gynaecology and Obstetrics) and Charlotte Warren (Ending Eclampsia Project, Population Council). We also appreciate the contributions of WHO Regional Offices' staff – Nino Berdzuli, Bremen De Mucio, Chandani Anoma Jayathilaka, Ramez Khairi Mahaini, Léopold Ouedraogo, Howard Sobel and Claudio Sosa.

WHO acknowledges the financial support for this work received from the United States Agency for International Development and the UNDP/UNFPA/UNICEF/WHO/World Bank Special Programme of Research, Development and Research Training in Human Reproduction (HRP), a cosponsored program executed by the WHO. WHO emphasizes that donors do not participate in any decision related to the guideline development process, including the composition of research questions, membership of the guideline development groups, conducting and interpretation of systematic reviews, or formulation of the recommendation. The views of the funding bodies have not influenced the content of this recommendation.

Acronyms and abbreviations

ANC	Antenatal care
BMGF	Bill & Melinda Gates Foundation
CI	Confidence interval
DOI	Declaration of Interest
EtD	Evidence-to-decision
FIGO	International Federation of Gynaecology and Obstetrics
FWC	Family, Women's and Children's Health (a WHO cluster)
GDG	Guideline Development Group
GRC	Guidelines Review Committee
GRADE	Grading of Recommendations, Assessment, Development and Evaluation
GREAT	Guideline development, Research priorities, Evidence synthesis, Applicability of evidence, Transfer of knowledge (a WHO project)
GSG	Executive Guideline Steering Group
HELLP	Haemolysis, elevated liver enzymes, low platelets
ICM	International Confederation of Midwives
ICU	Intensive care unit
LMIC	Low and middle-income country
MAP	Mean arterial pressure
MCA	[WHO Department of] Maternal, Newborn, Child and Adolescent Health and Ageing
MCSP	Maternal and Child Survival Programme
MPH	Maternal and Perinatal Health (a unit in WHO's Department of Sexual and Reproductive Health and Research)
NFS	[WHO Department of] Nutrition and Food Safety
NICU	Neonatal intensive care unit
NNT	Number needed to treat
PICO	Population (P), intervention (I), comparison (C), outcome (O)
RCT	Randomized controlled trial
RR	Relative risk
SDG	Sustainable Development Goals
SoF	Summary of findings
SRH	[WHO Department of] Sexual and Reproductive Health and Research
UN	United Nations
UNFPA	United Nations Population Fund
USAID	United States Agency for International Development
WHO	World Health Organization
