Third-party materials. If you wish to reuse material from this work that is attributed to a third party, such as tables, figures or images, it is your responsibility to determine whether permission is needed for that reuse and to obtain permission from the copyright holder. The risk of claims resulting from infringement of any third-party-owned component in the work rests solely with the user.

General disclaimers. The designations employed and the presentation of the material in this publication do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries. Dotted and dashed lines on maps represent approximate border lines for which there may not yet be full agreement.

The mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by WHO in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

All reasonable precautions have been taken by WHO to verify the information contained in this publication. However, the published material is being distributed without warranty of any kind, either expressed or implied. The responsibility for the interpretation and use of the material lies with the reader. In no event shall WHO be liable for damages arising from its use.

Acknowledgements

The review encompassing global mapping of SimEx materials and this technical report were led by Geraldine McDarby with input from Lindy Reynolds, Reza Sasanto, Zandile Zibwowa and Louis Ako-Egbe, with the overall work under the Tackling Deadly Diseases in Africa Programme (TDDAP) being supervised by Sohel Saikat.

Thanks to colleagues in the Health Systems and Innovation Cluster at WHO headquarters, Matthew Neilson, Dirk Horemans, Monica Lamonge, and the Health Emergencies Programme (WHE) at headquarters and the WHO Regional Office for Africa: Andrew Black, Fred Copper, Raj Sreedharan, Mary Stephens and Ali Yahaya.

Special thanks to our valued partners at Public Health England, United Kingdom of Great Britain and Northern Ireland, including Neil Squires (Director, Global Public Health), Elena Skryabina (Research Fellow, Emergency Preparedness and Response) and Paul Sutton (Director, Emergency Preparedness and Response) and Helen Tomkys (Head, Global Security Preparedness, Department of Health and Social Care) for their support for and input into the conduct of the global mapping.

Sincere appreciation goes to Shams Syed (Coordinator, Quality Systems and Resilience Unit, Service Delivery and Safety Department, WHO headquarters), Prosper Tumusiime (Director, Health Systems Strengthening, Regional Office for Africa) and Edward Kelley (Director, Service Delivery and Safety Department, WHO headquarters) for their overall guidance in the work undertaken.

Abbreviations

IHR	International Health Regulations
IPC	infection prevention and control
PHE	public health emergency
QSR	Quality Systems and Resilience Unit, WHO
SDS	Service Delivery and Safety Department, WHO
SimEx	simulation exercise
SOP	standard operating procedure
TDDAP	Tackling Deadly Diseases in Africa Programme
WHE	Health Emergencies Programme, WHO
