Introduction	1
Why a focus on immunization in the second year of life?	3
Guiding principles	4
Objectives of this document	6
Intended users	8
Six steps for establishing or strengthening a 2YL vaccination platform	9
Step 1: Identify a focal person and initiate a working group	13
Step 2: Gather the information needed to help formulate a plan of action	15
Step 3: Develop a plan of action for implementation of the 2YL platform	23
Step 4: Secure high-level review and endorsement of the plan and activities	29
Step 5: Implement the plan and assess readiness for launch	31
Step 6: Monitor implementation and coverage and adjust strategies where needed	37
Checklist for 2YL introduction or strengthening	39
Information guides	43
Programme Area 1: Programme organization, governance and planning	45
Programme Area 2: Policy, guidelines and standards	47
Programme Area 3: Data reporting, management and monitoring	49
Programme Area 4: Human resources and training	51
Programme Area 5: Supply-chain management	53
Programme Area 6: Advocacy, communication, demand creation and community linkages	55
Field guide	57
How to organize a field visit	59
Types of interviews	60
Questions to ask in the field	61

ACKNOWLEDGEMENTS

This handbook was developed by the Expanded Programme on Immunization (EPI) of the World Health Organization (WHO) Department of Immunization, Vaccines and Biologicals (IVB) with input from the United Nations Children's Fund (UNICEF).

Contribution from the following individuals is gratefully acknowledged: Jhilmil Bahl, Messeret Eshetu, Tracey Goodman, Laura Nic Lochlainn, Lisa Menning, Ikechukwu Ogbuanu, Stephanie Shendale, Samir Sodha, Carol Tevi Benissan, Emily Wootton (WHO); Imran Raza Mirza (UNICEF); Sarah Bennett, Laura Conklin, Karen Hennessey, Melissa Wardle (CDC); Chris Morgan (Burnet Institute), and independent consultants Aleksandra Caric and Karen Wilkins.

ABBREVIATIONS AND ACRONYMS

2YL	second year of life	IPTc	intermittent preventive treatment for children
AEFI	adverse event following immunization	IMCI	integrated management of childhood illness
AIDS	acquired immunodeficiency syndrome	KAP	knowledge attitudes and practices
ANC	antenatal care	MCH	maternal and child health
CDC	Centers for Disease Control and Prevention	MCV	measles-containing vaccine
cMYP	comprehensive multi-year plan	MCV2	second dose of measles-containing vaccine
CSO	civil society organization	MICS	multiple indicator cluster survey
CCEOP	cold-chain equipment optimization platform	MOH	Ministry of Health
DHIS2	district health information system, version 2	MOV	missed opportunity for vaccination
DHS	demographic and health survey	MR	measles rubella vaccine
DTP3	diphtheria-tetanus-pertussis vaccine dose 3	NGO	non-governmental organization
DVD-MT	district vaccine and devices monitoring tool	NITAG	National Immunization Technical Advisory Group
EPI	Expanded Programme on Immunization	NRA	National Regulatory Authority
EVMA	effective vaccine management assessment	NTD	neglected tropical disease
FP	focal person	NVI	new vaccine introduction
GRISP	Global Routine Immunization Strategies and Practices	PIE	post-introduction evaluation
GVAP	Global Vaccine Action Plan	PIRI	periodic intensification of routine immunization
HBR	home-based record	SMC	seasonal malarial chemoprevention
HIV	human immunodeficiency virus	SWOT	strengths, weaknesses, opportunities, threats
HMIS	health management information system	TCA	targeted country assistance
HR	human resources	TIP	tailoring immunization programmes
HSCC	Health Sector Coordinating Committee	TOR	terms of reference
HSS	health system and immunization strengthening	UNICEF	United Nations Children's Fund
ICC	Inter-agency Coordinating Committee	USAID	United States Agency for International Development
		WG	working group
		WHO	World Health Organization
