This paper was based on the WHO *Regional Framework of Action on Transitioning to Integrated Financing of Priority Public Health Services in the Western Pacific* that was adopted at the sixty-eighth session of the Regional Committee for the Western Pacific in October 2017. The framework served as guidance to Member States and was produced through collaboration of several units: Health Policy and Financing; End Tuberculosis and Leprosy; HIV, Hepatitis, and Sexually Transmitted Infections; Expanded Programme on Immunization; and Integrated Service Delivery. This paper was developed by the Health Policy and Financing team including Peter Cowley, Annie Chu, Maria Peña, Ronald Tamangan and Luke Elich and with Ke Xu, Rochelle Eng and Marlon Sison. Management

support was received from Vivian Lin, Director of the Division of Health Systems at the WHO Regional Office for the Western Pacific. Valuable comments were received from Susan Sparkes, Joe Kutzin and Agnes Soucat, and administrative support from Enrico Sevilla and Nuria Quiroz Chirinos.

Financial support for the work was provided by the Ministry of Health, Labour and Welfare, Japan; the Ministry of Health and Welfare, Republic of Korea; and the Department for International Development, United Kingdom of Great Britain and Northern Ireland.

The views expressed in this publication are those of the authors and do not necessarily reflect those of WHO.
