Acknowledgements

We gratefully acknowledge the contributions of many individuals to the development of this document.

The *WHO recommendations on adolescent sexual and reproductive health and rights* was conceived by Lale Say, in conjunction with Venkatraman Chandra-Mouli and Matti Parry, who was then a staff member of WHO.

Jill Gay, an independent consultant, was engaged to draft the document, with inputs from Venkatraman Chandra-Mouli and Matti Parry.

Following review, a fully revised second draft was developed by Marina Plesons and Venkatraman Chandra-Mouli.

The second draft received comments from colleagues working on contraception counselling and provision (Mario Festin, Mary Lyn Gaffield, Rita Kabra); antenatal, intrapartum and postnatal care (Mercedes Bonet Semenas, Olufemi Oladapo, Özge Tunçalp); safe abortion care (Antonella Lavelanet, Bela Ganatra, Caron Kim, Ronald Johnson); sexually transmitted infections prevention and care (Nathalie Broutet, Teodora Wi); HIV prevention and care (David Ross, Julia Samuelson, Shona Dalal, Wole Ameyan); violence against women and girls prevention, support and care (Avni Amin, Claudia Garcia Moreno); and harmful traditional practices (Christina Pallitto, Wisal Ahmed). Similarly, it received comments on human rights and sexual and reproductive health from Lucinda O'Hanlon, and overarching comments from Ian Askew. Facts and figures in the 'Rationale' sections of each chapter were reviewed by Manahil Siddiqi.

Drawing upon the feedback of these groups, a revised third draft of the document was developed by Marina Plesons. The third draft was reviewed for final comments by the individuals listed above.

The final document was developed by Marina Plesons and Venkatraman Chandra-Mouli.

Illustrations were developed by Graham Ogilvie, of Ogilvie Design, with inputs from Manahil Siddiqi, Marina Plesons, Rubee Dev and Venkatraman Chandra-Mouli.

The document was edited and designed by Inis Communication, with final review by Amelia Ngozi Odo, Marina Plesons, Rubee Dev and Venkatraman Chandra-Mouli.

Venkatraman Chandra-Mouli from the WHO Department of Reproductive Health and Research led and oversaw the development of the document from start to finish.
